BEVERIDGE SLATE IS BADLY SMASHED

Joe Kealing Rallies Old Fairbanks Machine Against Senator in Indianapolis Primaries

TAGGART MACHINE IS ALSO MADE SCRAP

Indianapolis, Ind., May 25.—Friends of Senator Beveridge that produced in caucus a legislative slate and presented it at the republican primary election in Marion county yesterday, were defeated according to the returns today. The slate offered under the sponsorship of Joseph B. Kealing, corporation counsel of Indianapolis, and the intimate political adviser of former Vice President Charles W. Fairbanks, in the days when he was active in politics, was nominated.

Kealing Men Win.

It happened that Dr. Theodore Wagner, John T. Saulter and Ernest L. Kingston were on both slates and they were nominated. The three other Kealing candidates were successful over three of the "business men's Beveridge" slate. They are Wm. E. Reiley, Charles T. Kaelin and Herbert A. Luckey.

These three men are not understood to be opposed to the renomination of Beveridge for United States Senator and some of the party leaders today said that putting a so-called Beveridge slate in the field was ill advised.

Rebuke to Beveridge's Friends.

"The result," the Indianapolis News says today editorially, "Is a rebuke, not to Senator Beveridge, but to the foolish friends who acted as though Mr. Beveridge were fighting for the nomination, when as a matter of fact, it had already been won * * * * Who cooked up the great conspiracy and by so doing subjected the senator to a humiliation from which he should have been spared.

"The great conspiracy," referred to was, according to the public declaration of W. D. Headrick, candidate for the nomination of prosecutor, a plot organized by Kealing and Mayor Shank to provide results in the primaries that would be antagonistic to the interests of Senator Beveridge. Headrick, champion of the senator, goes down in defeat, John Weaver being nominated.

Taggart Machine Beaten.

The so-called "Taggart-Keach" machine was defeated at the democratic primaries to nominate county and legislative tickets, it appears from today's count. The "anti-ring" candidates have been nominated in nearly every instance where there was a contest between the factions. The controversy was particularly lively over the nomination for county treasurer and the anti-organization man, Carl Von Hoke, won a sweeping victory.

Comparing the results of the two primary elections the News congratulates the democrats on "breaking the Taggart-Keach slate" and so "nominating excellent candidates and strengthening their party" and warns the friends of Beveridge that he "cannot be elected unless the republicans carry the legislature and they cannot do this if the Beveridge people conduct themselves in such a way as to breed factional strife in the party."

Some of the Nominees.

In addition to the six republican candidates for representatives whose nominations were assured, it seemed probable this afternoon that E. Toburn and Alfred C. Evens had been nominated, but there was a possibility that Albert S. Lowery would slip over one of them.

The democrats nominated for representatives J. W. Bunnagel, Homer L. Cook, J. J. Keegan, E. W. McGinnis, C. F. Maas, Adolph Soldensticker, W. W. Spencer and A. H. Wahl. William E. English was nominated for senator by the republicans and Reginald Sullivan by the democrats, neither having opposition.

OLD ISSUE OF THE "INFANT ELECT" UP AGAIN

Southern Presbyterian Assembly is Wrestling With Problem.

Lewisburg, W. Va., May 25.—After standing for two centuries and a half as a doctrine of the church, the "elect infant" clause of the confession of faith of the southern Presbyterian church came up for revision today in the general assembly in session here. The church is divided on the question and the fight for and against it has been waged for years. The question arose from the comment being made that if "elect" infants are saved, there must be some infants that are not elected. How to say, in churchly language, that the church holds that all infants are elected is the problem.

Committee Considers It.

At the last assembly an ad interim committee headed by Dr. A. M. Fraser was appointed to propose to this assembly a proper wording of the proposed amendment. It was this report that was set for action today.

Those who favor action by the church on the subject are subdivided into two classes. One would tack a foot note to the confessional, the other advocates boldly changing the wording of the "elect infant" clause itself.

The ad interim committee reported its first recommendation as a footnote reading, "This paragraph (the elect infant clause) cannot, by a fair interpretation of the language, be construed as teaching that any of those who die in infancy are lost, and it is not the belief of the Presbyterian church in the United States that any infants dying in infancy are lost."

A Second Choice.

As second choice the committee recommended that the present clause be superseded by the following: "Of those whom God hath given to the Lord Jesus to be His seed, such as are incapable of being outwardly called by the ministry of the word are regenerated and saved by Christ, through the spirit who worketh when and where and how He pleaseth."

This was drawn to protect the doctrine of election to avoid implying that any dying infants are lost and to preserve the rhetorical style of the confession.

LIQUOR DEALERS IN CONVENTION HEAR SOME REPORTS

Effect of the Option Law in Ohio is Subject of Representations.

Cincinnati, O., May 25.—Expositions of model license system and reviews of conditions in various states were heard by the convention of the national Wholesale Liquor Dealers' association today.

The morning session was devoted to addresses, but after luncheon there were reports from the committee on resolutions and by H. L. Gibson, of Cincinnati, on the publicity bureau of the organization, and W. E. Hull, of Peoria, Ill., on the protective bureau.

The principal addresses of the morning session were by T. M. Gilmore, president of the National Model License League, and Percy Andrae, of Cincinnati, chairman of a committee which recently completed a survey of the results of the Rose local option law in Ohio.

Pennsylvania License Law.

W. J. Friday, of Pittsburg, upheld the workings of the Brooks license law in Pennsylvania and declared that "the kind of places that are conducted under the lash of its provisions have assisted in preventing the attempts of the Anti-Saloon League to obtain the enactment of a strictly local option law."

"Proper license laws should be advocated by the trade," he said. "Not for the purpose of appeasing enemies of our business, but to prevent improper men being licensed and disorderly places from being conducted. Temperance agitators prefer disorderly to orderly liquor stores."

COMET HAS A SPLIT HEAD SAYS THIS ASTRONOMER

Nucleus of Halley's Sky Tramp in Two Parts and Far Apart.

Tucson, Ariz., May 25.—That the head or nucleus of Halley's comet has divided into two parts, is the discovery that Dr. A. E. Douglass, of the University of Arizona, says he made last night. According to Dr. Douglass the brighter part is in advance of the other about thirty seconds, which is equivalent to three thousand miles.

Dr. Douglass calls attention to the fact that a parallel case was the comet of 1882, which divided into four parts, separated and entirely disappeared.

VOICE A WANT OF FAITH IN CANNON

Presbyterians Do Not Wish Him to Name Temperance Committee.

BELIEVE HE IS HOSTILE TO WORK

Distrust of Speaker Given Expression in General Assembly.

Atlantic City, N. J., May 25.—Commissioners of the Presbyterian general assembly objected today to Speaker Cannon, of the house of representatives, having the power of appointing the proposed federal commission for the investigation of the liquor traffic in the United States. The matter was brought up in a supplementary report on temperance which followed the main report yesterday. In discussion of the question of temperance legislation Congressman W. S. Bennet of New York, one of the leading laymen and the father of the bill providing for the commission, asked for support for the measure by the assembly. The Rev. H. T. Laughbaum, of Oklahoma City, said, "I would be willing to have the membership of the country placed in the hands of Congressman Bennett, but I am not willing to trust the speaker of the house with the appointment of the committee.

Some Attack the Bill.

Dr. Laughbaum and other commissioners attacked the proposed bill on the ground that the intended investigation work will only delay needed temperance reforms.

Congressman Bennett defended the bill, which he claims will place before the country the exact status of the temperance question. Dr. Jos. L.

VETERANS STORMING TERRE HAUTE IN VAST FORCE

Great Crowd is Pouring in There for G. A. R. State Encampment.

Terre Haute, Ind., May 25.—Every train brought large delegations today to the state encampment of the G. A. R. About five hundred arrived on one train from Indianapolis, among them Governor Marshall and Department Commander Somers, and were met at the train by a band from the soldiers' and sailors' orphans' home at Knightstown and a colored drum corps of veterans from Chicago. The first ceremony in connection with the encampment was held this morning when the Women's Relief corps presented a flag to the high school. This afternoon the soldiers' and sailors' monument will be dedicated. Governor Marshall and Commander Somers are taking part. Candidates for the commandership, Judge Samuel M. Hench, of Fort Wayne; C. G. Thompson, of Lafayette, and A. P. Asbury, of Farmersburg, have arrived and are busy campaigning.

INSURGENTS WILL NOT BE TIED UP

Refuse to Attend Postal Savings Bank Caucus This Evening.

REPUBLICANS TO FRAME MEASURE

Hope to Put Bill in Such Shape as Will Insure Its Passage.

Washington, May 25.—The caucus of the republican members of the house on the postal savings banks bill will be held tonight in the chamber of the house of representatives at 8 o'clock.

Not all of the members of the majority party will attend, but the exact number that will purposely absent themselves to prevent their being bound by the action taken tonight is unknown.

Less than a dozen, all "insurgents," so far as known, have declined to sign the call for the caucus. The action to be taken at tonight's caucus on the postal savings banks bill is expected to be decisive so far as the house is concerned.

The bill introduced by Representative Gardner, of New Jersey, which is the product of the republican members of the committee on postoffices and postroads, will be used as a basis for party agreement on the subject.

The freest discussion and amendment will be had tonight and it is expected that the bill which the caucus will approve will differ widely from the Gardner bill as well as the one which passed the senate some weeks ago.

There is strong opposition to both bills and wide divergence of opinion among both "regular" and "insurgent"

NOTHING FOR THE PEOPLE.

Washington, May 25.—"There is not one line in the statutes to give to the people reasonable railroad rates," declared Senator La Follette in the senate today. "All that has been accomplished," he said, "is to afford a means of giving equal rates to shippers." He declared the people generally were as much entitled to protection as the shippers.

The Wisconsin senator spoke in support of the Cummins amendment to the railroad bill, requiring the prior approval by the interstate commerce commission of increases in railroad rates.

"The interstate commerce commission is engaged in a mere child's play," said Mr. La Follette, adding that it was so hedged about that it could not effectually deal with problems, as the railroads have been having their way for forty years. We have the sins of many congresses to atone before we permit this bill to pass from our hands."

While the rate regulation provision of the president's original bill was in the public interest, Mr. La Follette said the provision had been modified by Senators Aldrich and Elkins wholly in the interest of the railroads.

Quoting Senator Root as saying that unreasonable rates could be corrected under the present law, he said that "such a statement impeaches either the intelligence or the candor of the man who makes it."

Contending that the present railroad rates "are not only unreasonable but are extortionate," Mr. La Follette declared that "those who will not consent to giving the commission power to examine further increases betrays the public interest."

WILL NAME MAN TO DEFEAT BARNARD

Sixth District Democrats Have Great Convention in Richmond.

IS NOT A CUT AND DRIED AFFAIR

Chairman Johnson Pictures Barnard as a Creature of Jim Watson.

Richmond, Ind., May 25.—Just to show, as the leaders said, that no bosses had laid down a cut-and-dried program for the Sixth district democratic convention which met in this city today to nominate a candidate for congress to oppose the re-nomination of the republican representative, Wm. O. Barnard, no committees had been appointed in advance, no resolutions had been prepared and the presiding officers of the convention had not been selected. Not until all the delegates arrived, an hour before the convention was called to order, were the committees chosen.

Great Attendance.

Never before had there been so large an attendance on a district convention here. The delegates from the nine counties brought their families and with the addition of the visitors for the May music festival Richmond found itself today with more guests than it could entertain.

When the convention assembled, B. B. Johnson, of this city called it to order as temporary chairman and delivered the keynote speech in which he said Congressman Barnard was renominated by James E. Watson "the stand-patter's advance agent and if elected will owe his place to the spe-

TELLS PRISONER A NEW JURY MIGHT HANG HIM

Unique Reason by Chicago Judge for Denying Murderer New Trial.

Chicago, May 25.—Motion for a new trial for Dr. Haldane Clemenson, convicted of the murder of his wife, was overruled by Judge McSurely today. A motion in arrest of judgment was granted and sentence deferred to allow an appeal.

Among other reasons for denying a new trial the court gave his sympathy for the prisoner as one, declaring that a new jury might hang him.

Dr. Clemenson's mother, attired in deep black, rushed to her son and threw her arms about his neck when the court gave his adverse decision on the defense motion.

Dr. Clemenson is alleged to have killed his wife by means of chloroform. The evidence against him was circumstantial. He based hope of a new trial on evidence of a new witness, Mrs. Anna Schmidt, who is said to be prepared to swear that the doctor was in his office with her nearly all of the night on which the alleged murder was committed.

JAIL TERMS FOR ROADHOUSE MEN

Gaskill and Hiser Fined and Sentenced for Harboring Minors.

APPEAL IS TAKEN TO CIRCUIT COURT

Girls Allowed to Drink in Resorts—Witnesses Tampered With.

Unless Burvillus Gaskill and George Hiser are as fortunate as all of the other dive keepers who have managed to escape jail sentences through appeals from the city court to the circuit court, each of them will do thirty days as the result of convictions in the city court this morning and the findings of Judge J. Frank Mungovan.

Hiser was charged with allowing minors to loiter in his place and he entered a plea of guilty as he did not want the evidence to go before the judge. Chief Ben Elliott and his police department were ready to prove that girls fourteen and fifteen years old and boys sixteen and eighteen were permitted in the Hiser roadhouse.

As soon as a fine of $50 and costs and a jail sentence had been inflicted Hiser's attorney suggested that the sentence was a bit stiff and then Judge Mungovan went after his client.

Not Fit to Live.

"A man who will let little boys and girls loiter around his saloon is not fit to live, let alone to run a saloon, and I will not change my sentence. I ought to have made it heavier." The appeal bond was given with Ferd Bicknese, the guardian angel of the divekeeper, as surety and the regular plan that has been so successful in the past was followed out in the hope that there will be no jail sentence in the upper court.

Gaskill Stood Trial.

Gaskill stood trial and hoped by the evidence of two unwilling witnesses, obtained by the police, to escape punishment. Ralph Ormsby, a lad of eighteen, who grinned until the deputy prosecutor asked him if he thought it was cute, testified that in company with two girls he drove an automobile belonging at the Ohnhaus garage out to Gaskill's and went in the place with Wanda Roberts. He said that Gaskill ordered them out and said they were too young to be in there. The judge thought so much of his testimony that he disregarded it utterly in making his finding.

John Kissinger, a sixteen-year-old sport from Columbia City, who has been held as a witness, testified that he got the worst of the deal. He invested his savings in the hire of a horse and buggy and took little Katie Ryan out riding. They went to see a "lady friend" on North Wayne Heights, alias Hungry Hill, and then drove to Gaskill's place.

Katie held a whispered conversation with Wanda Roberts and in a few minutes announced to John that he was "shook" as the smell of gasoline and the prospect of a joy ride had weaned the fair Katie away from him. He took his medicine like a little man and drove back to town and had the consolation of seeing the fair Kate speed by with her friends as he drove into the city.

Then little Katie, who has been held in the juvenile ward at the jail where she was safe from any interested person who might want to spirit her away or persuade her not to tell the truth on the witness stand, was brought out from the chief's office and told the truth. She said Wanda Roberts was outside the saloon when she got there, but that both entered and somebody gave her a glass of beer, which she drank. Ormsby had said that Gaskill was not in the place, but the girl, who does not look a day older than fifteen, which she gave as her age, said that the proprietor was in the saloon all the time. She said nothing about having been ordered out.

Did Not Take Stand.

Gaskill did not take the stand in his own behalf to testify that he had ordered the young people out. His attorney asked that the case be dismissed, but the judge said he would overrule the motion and followed this by saying that he believed Katie Ryan and on her evidence would fine Gaskill $50 and costs and sentence him to thirty days in jail.

Right on top of this Gaskill was tried under a city ordinance forbidding him to allow women of ill-repute about his place and was fined $25 and costs. He took an appeal in this case and now has three pending in the circuit court, where no disposition is shown to have them tried.

A fellow who gave the name of Julius Brown and who was charged with vagrancy was sent over under a continuance until Monday. He seemed to be demented and when he was asked to give an account of himself he did not answer but cried instead. He was found in the Pennsylvania yards early this morning and would not answer any questions.

SEYLER GETTING CLOSER TO FATE

Trial of Alleged Slayer of Jane Adams at Atlantic City Near End.

DEFENDANT TAKES WITNESS STAND

Passionately Denies That He Saw Girl When She Went Into Ocean.

Mays Landing, May 25.—All the evidence in the trial of Wm. Seyler, who is accused of murdering Jane Adams by casting her into the sea from the million dollar pier in Atlantic City, has been heard and the case probably will be given to the jury this afternoon.

Seyler took the stand in his own defense.

He maintained that he did not know how the girl met her death and that the last he saw of her she was standing on the pier. He told of being sweated by the police, who sought a confession and said he had been given a religious book to read in order that he might be influenced and had been given cigarettes which he intimated had been drugged.

The trial began on Monday and the state made quick work in completing its case. After endeavoring to prove to the jury that the girl was killed by Seyler while defending her honor the state rested its case yesterday and the defense immediately opened. Seyler is expected to take the stand today and the final addresses of the attorneys will follow.

Theory of the Defense.

The theory of the defense is that Jane Adams, who was on the pier with her sister, William Seyler and his brother Orvis, fell into the sea accidentally. The defense contends that Jane while waiting for the return of her sister, who had gone to another part of the pier, sought shelter from the cold wind by stepping behind one of the buildings on the pier. She was unacquainted with the pier, it is held, and not knowing that the pier at that point had no railing backed off into the sea.

The defense holds that Seyler and his brother, thinking that the girl had returned home, went to their own home and the next day left for Virginia to hunt for work. The brothers were later arrested in that state.

Seyler Tells His Story.

In anticipation of Seyler taking the stand the court room was crowded to its capacity when the trial opened today. Many of the spectators were women. Entering the court room in charge of officers, Seyler greeted his wife, who has stood loyally by him during his trouble. He looked worried but when he spoke to Mrs. Seyler, who had with her her young daughter Bessie, he smiled.

After a brief consultation with his attorney, Seyler took the stand. His story, told in a composed manner, was as follows:

"I knew Jane Adams in her life time. I am 28 years old. I remember the night of Feb. 4. I had not been working that day. About 7 o'clock I went after some coal. The Adamses lived a short distance from me and we frequently visited each other. Coming back with the coal I passed the Adams house, with Orvis Seyler and Tommy Adams. When I reached the house a child ran out and said to Orvis 'Alice wants you.' Orvis stopped and I went directly home. I had an engagement with a man after 7 o'clock. Before I went out I asked my wife for fifty cents but she did not give it to me, so I went to Young's saloon and borrowed the money.

Went Out on the Pier.

Later, according to Seyler's testimony, he and his brother met the Adams sisters and they all went to the pier. "The lights on the pier were not turned on," he said. Orvis, Jane and Alice walked ahead and I followed. We went out to the dark end of the pier. I said 'come on Orvis lets go in; it's cold.' I did not have an overcoat. "Orvis asked me to stay with Jane

A WELL KNOWN NEW HAVEN BACHELOR A BENEDICT

Morgan Thomas Meets His Bride in Cincinnati and They Wed.

Cincinnati, Ohio, May 25.—Morgan H. Thomas, 45, farmer, New Haven, Ind., and Miss Mary E. Roberts, Columbus, Ohio, who had been teaching school at Morristown, Tenn., during the last winter, were married at the residence of Rev. Clifford L. Meyers yesterday. Thomas came to Cincinnati to meet Miss Roberts, who was on her way from the south. "We are going directly from Cincinnati to our new home at New Haven," said the bride last night at the Grand hotel.

The bridegroom is a well known and prosperous bachelor of New Haven, who owns a fine farm and is highly esteemed by all who know him. Mr. Thomas left early in the week for Columbus and is expected home this evening with his bride. Mr. and Mrs. Thomas will make their home in New Haven.

THE WEATHER.

Washington, May 25.—Forecast for Indiana: Fair tonight and Thursday; light northwest to north winds.

Ohio: Fair tonight and Thursday; light to moderate northwesterly winds.

Lower Michigan: Partly cloudy tonight, possibly light frost in low places in northern interior; Thursday fair; light to moderate winds, mostly northwesterly.

Illinois: Fair tonight and probably Thursday; not much change in temperature.

Society

Of many entertainments of friends at the home of the Misses Swinney, none has been more enjoyed than the tea of last evening which the ladies gave in honor of Mr. and Mrs. George Brackenridge. The house was decorated with a profusion of beautiful red and pink roses and carnations, iris and lilies of the valley. The appointments of the supper tables were elegant and at the large one where were seated Miss Swinney, the honor guests and a number of their old friends, a tall vase of roses contributed beauty and fragrance. After the supper P. A. Randall called the attention of the company to the fact that they were there in honor of Mr. and Mrs. Brackenridge and asked Judge Taylor to say something about his long acquaintance with Mr. Brackenridge. Judge Taylor paid Mr. Brackenridge the compliment of having been at all times a most exemplary citizen and man and a true friend. Judge Taylor also recalled in his happy way several stories of early days when the Brackenridge brothers were all living and were prominent members of this community and related several amusing instances of the wit of Judge Joseph Brackenridge, which were much enjoyed by the guests, who were Mr. and Mrs. Will T. Brackenridge, Judge and Mrs. Taylor, Mrs. Elizabeth Hanna, Mr. and Mrs. John H. Jacobs, Mr. and Mrs. G. D. Crane, Mr. and Mrs. A. T. Lukens, Mr. and Mrs. Alex Muirhead, Mr. and Mrs. P. D. Smyser, Mr. and Mrs. E. H. McDonald, Mr. and Mrs. John A. Shoaff, Mr. and Mrs. E. F. Yarnelle, Mr. and Mrs. Stephen Morris, Mr. and Mrs. C. D. Emmons, Mr. and Mrs. John Evans, Mr. and Mrs. A. J. Detzer, Mrs. Phoebe A. Hamilton, Mrs. Mary Ewing, Mrs. Clark Fairbank, Mrs. F. J. Hayden, Mrs. Julia R. Freeman, Miss Rudisill, Mrs. Mabel Clayton, Mrs. Emily Woodworth, Mrs. James Smith, Mrs. C. S. Knight, Mrs. Helen Fleming, Miss Sarah Craw, H. C. Moderwell, Mrs. Susan Hoffman, Mrs. Ophelia Bourie, Miss Bourie, Mrs. Addie Matson, Mrs. Ella Evans, of California; Mrs. Albert Mitchell, of St. Louis; Miss Celeste Fleming, Miss Katherine Hamilton, Miss Margaret Smith, Miss Linda McKinnie. Mr. and Mrs. Brackenridge will leave about the first of June for southern California, where they have a son and a daughter living, to remain indefinitely.

A happy group of children who have been playing together for several years is going to be broken up when Mrs. C. G. Guild moves away and takes her small daughter Marian with her. That was the reason that two of the playmates, Loretta Angela and Mary Catherine Gilmartin had Miss Marian and other neighborhood friends at their home yesterday afternoon to play games and have a happy time together. The fact that the day was Mary Catherine's seventh birthday anniversary had something to do with the arrangements, the birthday cake for instance while marian found a pretty basket at her place at the table that she can use when she goes away. In the basket was a drinking cup for use in traveling. Each of the children received a toy suitcase filled with candy as a souvenir of the afternoon. Other children present were Lenore Moffat, Rachel Barnett, Caroline Averill, Margaret Ann Keegan, Julia Bash, Dorothy Mossman, Charlotte Auger.

NEW GORED MODEL.

By MRS. JANE FORD.

7 SIZES 22 TO 34 WAIST

Fashions this season are not only graceful and pretty, but the materials used to develop them into frocks are so cleverly combined that the effects are picturesque. One of these new styles, a plain seven gored skirt cut on new lines, is shown here. It has the smart band finish that is a feature on many of the new costumes, and it closes at the back under an inverted pleat.

The pattern for it may be secured in seven sizes, that will fit any woman whose waist measure is between twenty-two and thirty-four inches.

To copy this skirt in medium sizes, seven and one-quarter yards of goods twenty-seven inches wide or five and one-quarter yards thirty-six inches in width will be needed. For the banding two yards of contrasting goods twenty-seven inches wide will be required.

It would be difficult to find a more practical skirt pattern than the one offered, if developed in any of the pretty soft silks that are so much used or in pongee, and combined with a waist to form a costume.

When this skirt is to be used as a separate garment or as part of a coat suit the band may be omitted and the lower edge hemmed or faced.

Women who know little about sewing need not hesitate to attempt this skirt, for after the material is cut and the seams basted it should be tried on, and if it is necessary to make adjustments the seams over the hips should be taken up or let out as required. In order to have the skirt set well the pleats at the back should be laid in position according to the perforations and firmly basted. This part of the skirt must not be changed later, and when fitting care should be taken that it hangs without any appearance of being drawn over the hips.

A dress of blue polka dot foulard, with a skirt band of plain blue of the same silk, the waist trimmed with plain bands to correspond, would be lovely.

ADOPTED RESOLUTIONS

Some Things Accomplished at Biennial Meeting of General Federation of Women's Clubs.

An immense amount of work was accomplished by the women who devoted their time for a week to the biennial meeting of the General Federation of Women's clubs just ended in Cincinnati. A number of resolutions were adopted that relate to important questions of the day, which affect the moral, social and civic welfare of the people.

The federation will work for justice for the employe and in consequence adopted this resolution:

"That the General Federation of Women's clubs call upon the national government and legislatures of the various states to enact measures and extend existing laws providing for the use of safety devices and for better inspection service in mines, mills, factories and on the railroads, to the end that industrial accidents may be reduced to the lowest minimum; and further, that we ask for a system of workingmen's compensation for losses by accident that will be equitable to them and their dependent families and to the employer."

A resolution was adopted indorsing revised Davis bill for vocational eduction now pending in congress. They resolved that the club women of America be encouraged to study the world-wide movement for the substitution of the system of law for the system of war and to create an intelligent public sentiment before the third Hague conference for the settlement of all international differences by law instead of by violence.

Conservation of natural resources was urged in the adoption of the following:

"Resolved: That we lend the weight of our influence to further the preservation and intelligent utilization of our forests; the reclamation of our arid lands through irrigation; the restoration of our rivers to navigability through the construction of deep waterways; the prevention of destructive floods through the construction of restraining reservoirs and the adequate protection of our birdlife." This was referred to the forestry committee.

That the club women should maintain continued and unremitting interest in the furtherance of industrial and moral education was indorsed in the following resolution, which was adopted:

"In view of the terrible inroads being made upon our racial forces by the physical disadvantages of the necessarily increasing group handling of children in schools and society the work in education for the coming year is outlined in the following: For better equipped, better ventilated and cleaner school buildings; for more numerous, larger and better supervised playgrounds; for medical school inspection and school nurses; for physical education and instruction in personal hygiene; for instruction in normal schools in the methods of wisely presenting the essentials of personal and sex hygiene."

The federation also decided to add a department of music to the work of the general federation, pledged itself to lend its encouragement to the extermination of tuberculosis, approved the Audubon society's movement and discussed and approved a number of other subjects referring to the general betterment of society.

The most prolonged discussion was over the question of whether or not the general federation should adopt the mountain laurel as the national floral emblem for the United States. The arguments for and against action by the present convention in the adoption of a national flower showed that the delegates were about evenly divided. It was finally resolved that each state federation consider individually the question of the best floral emblem to represent the United States and take such action as they deem fit and report to the general federation corresponding secretary before the next biennial.

Is Constipation Curable? Try this Free

I believe that thousands of people suffer needlessly from constipation simply through ignorance of what kind of a remedy to take. You cannot cure a chronic trouble by one flushing of the colon, as is the case when salts and purgative waters are used. And it is a well-known fact that cathartic pills, after the first relief, bind the bowels all the more. These things seldom do more than temporary good.

Dr. Caldwell's Syrup Pepsin

a remedy that I have sold through druggists for a quarter of a century comes much nearer to the ideal method of cure. It is a liquid, mild, pleasant-tasting and non-griping. A baby can use it with safety, yet it is effective in the strongest person. It gives relief promptly, and by continuing its use briefly the stomach muscles are trained to again do their work naturally, and then you can dispense with medicines. To prove these claims I will gladly send a free sample bottle to any sufferer from chronic constipation, liver trouble, sick headache, heartburn, sour stomach and similar digestive complaints. You have only to send me your name and address. After using the sample, if you then feel sure it is the remedy you have so long sought, buy it of your druggist at fifty cents or one dollar a bottle. Thousands of heads of families always keep it in the house, as it can be used by all.

DR. CALDWELL PERSONALLY WILL BE PLEASED TO GIVE YOU ANY MEDICAL ADVICE YOU MAY DESIRE FOR YOURSELF OR FAMILY PERTAINING TO THE STOMACH, LIVER OR BOWELS, ABSOLUTELY FREE OF CHARGE. EXPLAIN YOUR CASE IN A LETTER AND HE WILL REPLY TO YOU IN DETAIL. FOR THE FREE SAMPLE SIMPLY SEND YOUR NAME AND ADDRESS ON A POSTAL CARD OR OTHERWISE. FOR EITHER REQUEST THE DOCTOR'S ADDRESS IS DR. W. B. CALDWELL, D.504 CALDWELL BLDG., MONTICELLO, ILL.

I received a sample bottle of your Syrup Pepsin and was so pleased with it I sent to the drug store and got a $1 bottle and a 50 cent bottle, and my little girl four years old is in better health than she has ever been in her life. I have no more trouble with her bowels and stomach, and I thank you for your Syrup Pepsin. I can not praise Syrup Pepsin too highly. My mother also is using it.—Mrs. Carrie Culler, 325 N. Notre Dame street, South Bend, Ind.

We thank you for the sample bottle of Syrup Pepsin. If we could not get any more than that, we would certainly keep it for the good it has done us. Our house is never without it nor never will be as long as we can raise a dollar. It's the balm of life in our home.—J. Henry Hankla, Junction City, Ky.

I received the sample bottle and am using the second 50-cent bottle procured at one of my local druggists. Results were the most satisfactory. Am advertising Syrup Pepsin to everyone that is interested.—O. F. WISHER, Sycamore, Ill.

I was for years a constant sufferer from chronic indigestion and constipation and had almost given up hope of ever being cured, but Dr. Caldwell's Syrup Pepsin has made a well man of me and I write to acknowledge my gratitude to Dr. Caldwell and to the Pepsin Syrup Co.—F. M. HARRINGTON, Pres. Harrington Mfg. Co., Peoria, Ill.

Not All Our Suits Are The High Priced Kind

Quality predominates in the SHIELDS store, yet it is a quality that is within everyone's reach. We have many suits that are frequently called "high priced," because they sell for more than the average.

At the same time we carry lower priced suits of quality as well. There are some in our north window right now, selling for

$18, $20 and $22

If it weren't for the price tags on these suits you would take them for $25 and $30 suits. They look it, feel it, and wear it, as many of you have found out.

STANDARD OIL IS HIT.

Minnesota Anti-Discrimination Law is Upheld.

St. Paul, Minn., May 20.—The state supreme court in an opinion by Justice O'Brien today declared valid the state law forbidding discrimination in charges for commodities sold throughout the state.

The decision came on an appeal by the state from the decision of the Ramsey county court in sustaining a demurrer of the Standard Oil company to the complaint of the state of Minnesota in which it was charged that the Standard Oil company charged discriminatory prices for its product in places where it had no competition.

The state began an action to forfeit the charter of the company to do business in Minnesota. The case will now be tried on the facts and an injunction asked for.

COTTON KING ESCAPES.

Price Free in Washington, But is Indicted in New York.

Washington, May 20.—Theodore Price, of New York, the cotton king indicted here for connection with the cotton leak scandal of 1908 cannot be prosecuted in the District of Columbia according to a ruling of the supreme court of the district here today. Price's plea that the grand jury which indicted him had a government employe upon it, was sustained.

Price has similar charges against him in New York and he may have to stand trial there.

He is the only one of the four men charged with conspiracy in connection with the cotton leak who will not have to face a jury here. Frederick A. Peckham, Moses H. Haas, of New York, and Edwin S. Holmes, jr., of this city, still have to answer the old indictment returned in 1905.

KINDERGARTEN PLAY FESTIVAL

Program to be Given in Princess Rink on May 28 by Children of Public Schools.

The entertainment to be given by children of the kindergarten departments of the public schools in Princess rink on Saturday, May 28, is being anticipated with equal pleasure by the children and their elders. The program has been planned and the arrangements will be such that parents will be able to distinguish the children of different school buildings. The first child in each rank will carry a large card labeled with the name of the building to which that class belongs. The floor of the rink will be divided into sections with cards naming the special buildings that have kindergarten grades so that parents can choose a place to sit where they will have the best opportunity to watch those in whom they have the greatest interest. Mrs. Florence E. Schiefer will be the accompanist with Miss Gail Caimerton, supervisor of primary work and her corps of kindergarten teachers and assistants in care of the program, which will be as follows:

RECIPES.

Scalloped Clams.

The clams are steamed and cut in small pieces. Melt in a saucepan, but not brown, two tablespoonfuls of butter; stir in two tablespoonfuls of flour, and when it boils add gradually one pint of cream, stirring constantly until it boils and thickens. Take from the fire, add a shake of black pepper and a grating or two of nutmeg. Put a layer of clams in a scalloped dish, then a layer of sauce, alternating them until the dish is full. Sprinkle dried bread crumbs over the top and bake until brown.

Baked Blue Fish.

Slit the fish's head at the gills and draw out the intestines, but do not cut off the head. Rinse thoroughly. Mix half a pint of dry bread crumbs with two tablespoonfuls of melted butter, a teaspoonful of lemon juice and a seasoning of salt and pepper. Pack this into the fish and sew the head down. Scatter bread crumbs thickly over the fish, baste with melted butter and pour around it in the pan half a cupful of boiling water in which a teaspoonful of butter has been melted. Bake about an hour, basting every ten minutes.

NEW PASSENGER RECORD FOR MAY

G. R. & I. Carried Over 800 People to Rome City Yesterday.

THEATER TRAIN MAKES FAST RUN

Travels from Pittsburg to Chicago in 450 Minutes.

The Grand Rapids and Indiana road broke the record yesterday in the number of people carried to Rome City in May, there being over 800 passengers on the trains which left Fort Wayne Saturday night and Sunday morning. Of this number 650 went to the resort on the morning trains. Fifty tickets were sold for the train which left at 4:05 Saturday evening and the same train carried about 125 commuters. The number of Rome City passengers has been greater on one or two former occasions, but never in May. Travel on the Lake Shore and the Lake Erie and Western was also unusually heavy yesterday. The latter took 105 out of this city to Indianapolis and brought in about 125 from Cincinnati. The Lake Shore took about 400 people to the lakes Saturday afternoon and Sunday morning. Over half of this number went up yesterday morning.

CARRIED 300,000,000 PEOPLE.

Killed Only One is the Pennsylvania's Record.

Figures just completed by the Pennsylvania railroad system show that in 1908 and 1909 its various lines carried a total of 299,782,658 passengers on its 24,000 miles of track and only one passenger was killed as a result of a train wreck. In other words, the chance of a passenger losing his life in an accident on the Pennsylvania railroad system was one out of about 300,000,000.

In 1909 the number of passengers carried by the Pennsylvania railroad system was 158,067,115. This was an increase of 11.55 per cent. over the 141,695,543 carried in 1908. The number of passengers carried one mile on the Pennsylvania system in 1908 and 1909 was 7,170,568,617, so that for each mile traveled over the system the chance of being killed was one in more than seven billion.

One passenger was killed as a result of a train wreck in 1909, while none was killed in 1908. In the two years 370 passengers were injured in train wrecks. There were two less passenger collisions and fifteen less freight collisions in 1909 than in 1908, while the number of freight derailments was smaller by 69.

The Pennsylvania lines west of Pittsburg have carried 52,518,808 passengers in 1908 and 1909; these passengers have traveled a total of 30,807,358 miles and not a single one was killed in a train accident. The Grand Rapids and Indiana railway has a record equally as good, as in the two years it carried 5,104,585 passengers a distance of 2,966,870 miles and none was killed in a train accident.

MADE A GOOD RUN.

Special Theater Train Beat Pennsy Special's Time.

The extra train carrying the New Theater organization—120 people—from Pittsburg to Chicago, yesterday beat the Pennsylvania Special's time just thirty minutes. It left Pittsburg at 11:30 in the morning and pulled into the depot in Chicago at 7 o'clock in the evening, having covered the 468 miles in seven hours and thirty minutes, or 450 minutes. The train consisted of three Pullman sleeping cars, a coach and a diner. Colonel Samuel Moody, general passenger traffic manager of the Pennsylvania, accompanied the party and won a wager made with Manager Edward E. Lyons, of the New Theater company, that the train would beat the time of the famous New York-Chicago eighteen hour train, and it did.

WILL BUILD FACTORY.

Enlarge Facilities.

The Geyser Oil Tank company has decided to build a three-story brick factory building, with basement, which will have floor space sufficient to give employment to a working force of upwards of 100. The site has not yet been selected, though two or three are under consideration. The Geyser company is a comparatively new concern, but it has enjoyed a wonderful growth of business and it finds its present quarters on Erie street entirely inadequate. Secretary E. E. Siler says the company now has orders on hand sufficient to give employment to seventy-five men, were the factory facilities adequate. It is believed that when the new plant is ready for operation, the company will need 150 men in the start and possibly 300 men before the close of another twelve months.

FOUND A DEAD BODY.

Pennsylvania Telegraph Operator Makes Discovery.

Pennsylvania Telegraph Operator K. Jacobs at 10 o'clock last night made a grewsome find when he discovered the mangled remains of a man at a point 500 feet west of C V Cabin. There were no papers or other articles on his person by which identification could be made. It is presumed the dead man had been walking on the tracks and was struck by a train or had fallen from the bumpers while stealing a ride. C V Cabin is a telegraph station two and a half miles east of Clark Junction.

WILL HAVE FORTY PASSENGERS.

The special coach assigned to G. A. R. travelers to Terre Haute over the Lake Erie and Western road, leaving here tomorrow at 11 o'clock as a part of train No. 37, will carry forty of the old soldiers, so far as known at present. The coach will run through to Terre Haute without change and will reach that city about 5 o'clock. Other travelers to Terre Haute will go via the Wabash and the Pennsylvania routes, but the number cannot be accurately forecasted.

CHANGE OF TERRITORY.

Because of a desire to get near some real estate in which he is interested, C. E. Neff, a division superintendent of S. F. Bowser & Company, has asked for and has been granted a transfer from the Carolina to the Shreveport district, with headquarters in the latter city. He will have jurisdiction over Mississippi, Louisiana and Texas. The Carolina district will be under the charge of Mr. Bird. It includes South Carolina, Georgia, Alabama and Florida. The headquarters are at Atlanta.

HARRY FISHER RECOVERING.

Harry Fisher, who was in Hope hospital several weeks as a result of an operation for hernia, is making rapid progress towards recovery and will soon be out on the streets. He was taken to his home Saturday evening and is now sitting up and feeling first rate. Mr. Fisher was superintendent of the Bass foundry until the first of May, when he resigned and went to the hospital.

BOWSER MACHINIST HURT.

Machinist William Gepfort, of the Bowser Oil Tank works, sustained an injury to one of his hands Friday night which has incapacitated him for work since. No bones were broken, the injuries being chiefly bruises and cuts. The accident was the result of getting the hand into the machinery Mr. Gepfert was operating.

WILL GIVE PEDRO PARTY.

The Ladies' Auxiliary to the B. R. T. will give a pedro party at the hall on Calhoun street tomorrow afternoon. Great preparations have been made for the event and a good time is expected.

RECEIVED GASH IN HIS HEAD.

Machinist J. D. Wright, of the Pennsylvania round house, received a gash an inch long in the top of his head yesterday afternoon, when a sledge fell and struck him. He is laid up for a few days.

MOULDER HAS A FOOT HURT.

Albert Pleitt, a molder at the Bass foundry, was painfully injured Saturday afternoon, when a clamp fell on one of his feet and bruised the member. He was sent to his home and will not be able to leave it for a few days.

INDUSTRIAL NOTES.

C. A. Dunkelberg went to Chicago this morning in the interest of S. F. Bowser & Company.

Yardmaster Dennis Hayes, who had been sick, resumed work at the Wabash yards this morning. He had been sick a few days.

Miss Cleo Snyder, stenographer for Division Storekeeper H. W. Hurst, of the Wabash, will be the guest of friends in Bluffton tonight.

The union workmen in all crafts employed on the Wabash will have a meeting in Chicago next month and Fort Wayne will be represented by F. J. Schwanz.

A. J. Lauer, a painter, and C. Prange, M. M. Mettler and J. J. Guiff, of the tank shop, resumed work this morning, after being absent either for injuries or sickness.

C. N. Kickley, an electrician who is engaged in doing some work for the Pennsylvania at Alliance, returns to that city tonight after a short visit with his folks in this city.

Herman Regel has returned to Lafayette to resume repair work on the power plant of the Traction company, after a short visit with his friends here.

M. Schmidt, who had been off on account of injuries, and E. Roembke, who had been sick, have returned to their duties at the Pennsylvania planing mills.

C. A. Gerber, a flue welder at the Pennsylvania shops, resigned Saturday night and will take a position with the Art Glass company, commencing work there this morning.

George A. Bangert, assistant purchasing agent of the Fort Wayne Electric works, left today for the east. During his absence he will attend a Purchasing Agents' convention at Schenectady.

Christ Jovan, a Macedonian laborer in the Pennsylvania section gang at Monroeville, was brought here and taken to St. Joseph hospital yesterday, suffering severely from appendicitis. An operation was performed on him and he rallied nicely and will recover.

Machinist E. C. Tegtmeyer, of the Pennsylvania shops, is kept from his work by the illness of his wife. Other shopmen who are on the absentee list are W. H. Miller, C. F. Brown, W. Ferguson, John Riedel and O. H. Baer, who are sick.

Machinist F. Schille, of the Pennsylvania, and his family have arranged for a visit with relatives in the east and will leave in a few days for Philadelphia. Thence they will go to Atlantic City and other places on the Atlantic seaboard.

C. H. Knothe and G. J. Marth, Pennsylvania machinists who were at the American Locomotive works in Pittsburg for two months, inspecting locomotives built for the company, have returned to the city and resumed their respective places in the shops.

F. W. Walda, a shop carpenter for the Pennsylvania, is off duty as a result of an injury to one of his feet.

H. A. LaMatsch, who was injured at the Pennsylvania blacksmith shop a week ago, has recovered and this morning resumed work.

James J. Dormer, manager of the Nickel Plate restaurant, is entertaining his nephews, Walter Longley, of Detroit, and John Longley, of Windsor, Ontario, who stopped off here for a day or two on their way to Chicago. Walter Longley is connected with the editorial department of the Detroit Journal.

There were three fatalities on the Eastern division of the Pennsylvania last night. One was a woman at Alliance, another a Pennsylvania patrolman at Crestline and the third an engineer at Canton. The latter was James Burritt, of the Wheeling and Lake Erie road, who was run down while crossing the Pennsylvania tracks.

The management of the Erie shops at Huntington has hit upon a novel plan for supplanting foreign laborers in the works this summer. Friday a number of the foreigners were dismissed and the places will be filled by high school students at the close of the term. The Erie has had considerable only recently being compelled to dismiss a lot of them because of fight.

PRICELESS RELICS BURN.

Fire Destroys Part of University of New Mexico.

Albuquerque, N. M., May 23.—Hadley Hall, the science department of the University of New Mexico, was destroyed by fire early today. The loss is more than $100,000. The famous Indian historical museum and geological collection belonging to the university was destroyed. The former was of almost priceless value. Crossed electric wires started the fire and exploding chemicals made it spectacular.

Mergentheim's millinery store will close Monday evenings at 6 o'clock after this evening.

FIVE YEARS OLD

Anniversary Statement

On the 20th of May, 1910, this bank completed the first five years of its history. The story of these years has been a story of hard work and high ambition. It has also been a story of success achieved beyond our most sanguine expectation. Our first day's business gave promise of a splendid future and the intervening years have brought even greater growth than was foreshadowed in our opening. The bank has made good in every way. It has compelled the respect of its elders and earned the confidence of the public. The men who have been from the start identified with the management of this bank feel very proud of its success. They have given it close attention and the steady, substantial growth which it has achieved is in a large degree due to the efforts of the splendid list of men of affairs who form its Board of Directors. Here is the story of the five years, beginning with our first day's business and showing the figures on each anniversary date thereafter.

Of course if this growth had been obtained through extravagant methods and the sacrifice of profits that ought to have been earned, there would not be much credit, even though the growth has been so great. But we have not been doing business for fun. We have treated our customers liberally. We think they will all agree to this. But by the use of modern methods and the practice of rigid economy in conducting the affairs of the bank a goodly amount has each year "stuck to the ribs." New financial institutions generally have a long period of "getting started," during which no one expects them to more than make expenses.

This bank has already paid out to its stockholders in dividends	$ 47,400.00
It has accumulated a surplus from its earnings (not paid in)	39,500.00
It has accumulated undivided profits	20,203.27
It has paid out of its earnings local taxes	14,202.66
It has charged off out of its earnings from furniture and fixtures	5,087.50
Making the total profit for five years	$126,393.43

The total of these figures has been increased during the past year $39,321.70, a very satisfactory year's business.

In addition to this we are carrying no concealed losses. We don't believe in deceiving ourselves. It has always been our practice to promptly charge off any little loss that may have been sustained in conducting the business of the bank. We make bold to say that our bank does not hold a single piece of paper that is not in our judgment worth **one hundred cents on the dollar** of the value at which we are carrying it.

There are some things about our bank that are a little different from most banks. We are great believers in the strength which comes from having a large number of small and moderate-sized accounts. Every little added to the little that you have makes a little more and many "little mores" makes a big total. The good will of a large number of small depositors is the best asset a bank can have. It does more than anything else to build up its business and to secure for it friends whose loyalty can be depended on. The small depositor of today may become within a few years a man of large affairs and of much importance in the community.

We want to get hold of the young men of thrift and integrity. In a few years they will be the big men of Fort Wayne. They belong to us. They will feel comfortable with us. They will rejoice in our growth even as we shall rejoice in theirs. The German-American has in it all the possibilities of youth. Its future is bright with promise even as its past is full of achievement.

RECEIVER IS NAMED FOR A CHICAGO RAILWAY

Big Bunch of Traction Interests Involved in the Federal Suit.

Chicago, May 23.—Judge Grosscup, in the United States circuit court here today, appointed receivers for the Chicago Railways company, which operates the west and northside street car lines. The company is believed to be solvent and the receivership is believed to be a mere legal move in connection with Judge Ball's recent decision holding the railways liable for bonds of the moribund consolidated traction company.

The petition for receivers was filed by the Westinghouse Electric and Manufacturing company, which avers that the defendant owes it $69,549 for machinery. Henry A. Blair and John M. Roach were named as receivers.

Judgment for $1,344,684 against the railways company in favor of certain stockholders of the consolidated traction company was entered today upon Judge Ball's finding of last week.

The bill of the Westinghouse company charged that by reason of the big judgment entered against the railways company in favor of consolidated bondholders the former company is unable to pay the bill of the petitioner. It is alleged also that the bonded indebtedness of the railways company is in excess of the value of its property and assets.

HERMAN MILLER TO BE BROUGHT TO THE JAIL

Second Trial Will Probably Be Held in Another County.

A copy of the opinion of the Indiana supreme court in granting Herman Miller a new trial was received this morning by County Clerk J. N. Mason and it is likely that the prisoner will be brought to Fort Wayne either late this afternoon or early tomorrow morning and placed in the county jail to await his second trial.

It is very probable that before another hearing is had a request for a change of venue will be filed and that the case will be taken out of the county for the reason that it will be a difficult matter to get a jury in Allen county. Judge Jordan, who wrote the opinion, takes occasion to have a fling at Dr. Betts, who testified to finding a revolver in a lot near his house at a time when Miller was having trouble with a former wife and he says the doctor took every opportunity to volunteer impertinent testimony in testifying.

No opinion is given as to the sufficiency of the testimony to convict, but the court holds that the conduct of Mrs. Miller at the funeral of a neighbor was incompetent and that so much evidence of that kind was let in that it was not all set out in the opinion. There is no ruling on these points, the judge says, because in a second trial they are not likely to creep in.

No ruling on the supplemental motion for a new trial when it was discovered that Clarence Omo had perjured himself is given, but the judge held that a statement made by Miller on his way from the court house to the jail to the effect that he would get even with the people who were prosecuting him should not have been admitted. A synopsis of the opinion follows:

—Criminal Evidence—Impeachment.—21547. Miller vs. State. Allen C. C. Reversed. Jordan, J. (1) Unless the appellee can show that a material error, which might be prejudiced, did not injure the appellant, it will be presumed that it did injure him. (Reed vs. State, 141 Ind. 142, modified.) (2) Defendant's wife was witness to prove an alibi. She was cross-examined about a heartless remark she made about the victim's corpse, which she denied. It was an error to allow the state to introduce witnesses to prove the remark. (3) An immaterial statement not made under oath can not be made the basis for the impeaching of a witness who denies making the statement. (4) The statement of the defendant to the sheriff that he disliked a certain witness is not proper evidence. (5) Where a witness is questioned as to when a gun was found on a certain lot, and in answering it he states that defendant's wife said defendant tried to kill her, the answer should have been struck out as not responsive to the question.

Italian Got the Dog.

At a cost of about $50 to the county John Dicola, an Italian fruit dealer, proved that a fox terrier worth about $5 at the outside, belonged to him and not to Manuel Curry, a negro saloonkeeper. The case was tried in the superior court yesterday and went to the jury late in the evening.

SPITZER TELLS OF THE BURNING OF CONSCIENCE

Sugar Trust Witness Has a Thrilling Tale Under Cross Examination.

New York, May 25.—Oliver Spitzer, the former dock superintendent of the American Sugar Refining company who walked out of the Atlanta penitentiary with a pardon from President Taft to testify for the government in the sugar conspiracy cases, was expected again today to be the chief witness at the trial of Secretary Charles R. Heike, of the American Sugar Refining company and five former subordinates.

Today had been set for the cross-examination of Spitzer by the defense. It was hinted that Spitzer knew more about the alleged ramifications of the dock underweighing frauds through the offices of the sugar trust chiefs on Wall street than he has told.

Books and Records Disappear.

There was no little speculation today over the probable attitude of the government toward the problem presented by the mysterious disappearance of numerous sugar trust books and records. The defense has agreed to accept the figures prepared by government experts regarding sugar weights in the time covered by the records in the missing volumes, but there is no way of reconstructing the vanished letter copying books of the period containing the correspondence which passed between the refinery docks and the head officers of the company.

Spitzer Takes Stand.

There was a general rustle of expectancy in the court room as Spitzer was called to the stand for cross-examination. Washington D. Thomas, president of the American Sugar Refining company, watched the former employe of the corporation closely as Spitzer began his testimony. Spitzer was cross-examined by former State Senator Clarence W. Lexow.

Spitzer said that Theodore A. Havemeyer, brother of the late H. O. Havemeyer, appointed him superintendent of the Williamsburg docks. When he left Atlanta prisoh Spitzer said he had no hope of a pardon, and added:

"I left my effects in Atlanta. I came here to unburden myself of the great wrongs I had done all these years. I wanted to confess all my sins before this court and tell all I know. I wanted to stand among my fellow men once more and tell all I should have told before. I wanted to go back to my family.

Wanted to Get Rid of It All.

"I wanted to be shriven of all that cankered me those sleepless nights in Atlanta prison, where I suffered so much. I could not stand it any longer. I told Captain Flynn, of the secret service in Atlanta, that I could not stand the torture, that I must tell the truth, and I would not have been behind those bars if I had taken the advice of my lawyers, Mr. Mackeller and Mr. Cochran. They told me to confess if I had anything to confess after my conviction last February. They told me to confess before it was too late."

Spitzer's former counsel, Mackeller and Cochran, who are now defending the ex-government checkers, Halligan and Stoelker, two of the six defendants, leaned forward in their chairs listening with attention to the testimony of their former client.

DON'T WANT HIM TO MARRY.

Sons Request County Clerk Not to Grant a License.

County Clerk J. N. Mason is in receipt of a letter from W. T. Cobbs, of Rome City, asking him not to grant a license to Gideon Cobbs, his father. He says that the old gentleman is eighty-six and buried his last wife about three months ago and is not mentally fit to become a bridegroom.

The elder Cobbs applied some time ago for a license, but the woman in the case had not lived in the county the required length of time. The license was refused, but she stated she would live here a month and then try again.

WILL NAME MAN TO DEFEAT BARNARD

[Continued From Page One.]

cial interests." Barnard, he said, was "neither a progressive nor a reactionary, but a sort of half breed, sadly lacking in moral courage."

Discusses the Tariff.

On the subject of tariff Mr. Johnson said:

"If we would do away with the despotism of the big stick on the one hand and despotism of party machinery controlled by an oligarchy of wealth on the other, we must wipe out the present monopoly tariff and ultimately establish the tariff for revenue only."

Mr. Johnson said President Taft is drawing the fire of the opposing armies of "Roosevelt radicals" and the reactionaries. Eastern republicans voted for him because he would do away with Rooseveltism, said the speaker, and western republicans because he would perpeuate the Roosevelt policis. He was trying to cure greed and graft by conciliation and compromise. "This is the old, weak and worn out method of the politician and has failed," said Mr. Johnson.

At the close of Mr. Johnson's speech the convention adjourned until after noon to permit the committees to prepare their reports.

The Platform.

At the afternoon session of the convention the report of the resolutions committee was adopted as the platform. The tariff plank was greeted with cheers as it was read. It follows:

"We unhesitatingly denounce the high protective system, built up, fostered and protected by the infamy and greed of the republican party for the concentration of untold and unlimited millions in the hangs of the few by the constant, cruel and relentless robbery of the many. We especially denounce the Payne-Aldrich-Smoot bill as the crowning iniquity of the age, a measure enacted by the most openly corrupt and venal combination that ever disgraced American politics."

The platform further denounces the campaign for a ship subsidy, declares for a dollar a day pension for civil war veterans and commends Governor Marshall and United States Senator Shively.

On the call of counties the following names were presented to be balloted on for the nomination: Fayette, Finley H. Gray; Wayne, Thomas H. Kuhn; Rush, L. H. Mull; Franklin, Lewis Fedderman; Henry, Walter S. Chambers.

Johnson Declines.

On the fifth ballot the contest stood as follows: Gray, 15; Kuhn, 50; Mull, 46; Chambers, 6; Fedderman, 12.

On the eighth ballot Henry county sprang the name of Henry U. Johnson and after the ninth ballot gave him the ten votes. He rose on the stage and declared, "As God is my judge, I would not accept a certificate of election." His name was withdrawn.

Thirteenth ballot, Gray, 19; Kuhn, 49; Mull, 51; Fedderman, 12; Chambers, 0.

THE DEATHS.

LOEBEL.

Mrs. Linda A. Loebel, 53 years of age, wife of Moritz Loebel, residing at 1641 Runnion avenue, died at 10:30 o'clock Tuesday night from hemorrhage of the bowels and acute gangrene. She was taken ill Tuesday morning, but six years ago had undergone an operation for cancer of the bowels.

Mrs. Loebel was a native of Germany, and the husband, who is employed at the Knitting mills, came to this city from Saxony, Germany, three years ago, the family joining him in Fort Wayne a year later. In addition to the husband four children survive. They are the Misses Fannie, Jennie and Martha Loebel and John Loebel. The deceased was a member of the Baptist church.

Funeral services Saturday afternoon at 2 o'clock from the residence; interment at Lindenwood.

HILLE.

Mrs. Caroline Hille, 70 years of age, wife of Henry Hille, died at 6:30 o'clock Tuesday evening at the family home, 1019 Union street. Mrs. Hille was a native of Ohio, and had resided in this city forty-five years.

She was twice married and is survived by the husband and six children —Mrs. Henry Franke, Mrs. Charles Franke, William Scheiman, of South Bend; Mrs. George Breitinger, Montpelier; Ernest D. Scheiman, of Denver, Col., and Charles Scheiman, of Indianapolis. There are twenty-two grandchildren and six great grandchildren. Mrs. Hille was widely known and highly esteemed, and was a member of Emanuel Lutheran church.

FRISZ.

Leonard John Frisz, 14 years of age, son of Mrs. Jerry Sullivan, 1923 West Main street, died at 8:40 o'clock Tuesday evening at St. Joseph's hospital, following an operation for appendicitis.

The lad was a student at the Central Catholic High school and is survived by the mother, the step-father, two half sisters and a half brother.

Funeral services Thursday morning at 9 o'clock from the Cathedral; interment at Terre Haute.

Students of the school will attend in a body, and six schoolmates of the lad whi act as pall bearers.

FUNERAL NOTICES.

Schnitker.—Funeral services for Mrs. August Schnitker will be held Thursday afternoon at 2:30 o'clock from the Lutheran church at New Haven.

GOES TO MAMMA FOR COMFORT.

Briton Whose Fiancee Married Another Is in Lafayette.

Lafayette, Ind., May 25.—Egbert S. Walker of London, whose engagement to Miss Enid Carothers of this city, terminated suddenly last Saturday evening, when Miss Carothers and Marshall Heywood, secretary of the company that publishes the Lafayette Journal, were secretly married, arrived here today and is a guest at the home of Mrs. Genevieve Carothers, mother of Mrs. Heywood.

Walker said he did not care to discuss the elopement of his fiancee. It appears that she had postponed his visit to this city on several different days last week by telegrams she sent to Chicago where he has been with his father who is ill.

The Walkers are going to Texas to inspect properties. Mr. and Mrs. Heywood are in Chicago on their honeymoon.

INSURGENTS WILL NOT BE TIED UP

[Continued From Page One.]

Saying that of the 240,000 miles of railways in the United States, the six great groups controlled 200,000 miles, Mr. La Follette found that there really was very little variety of interest in railroad ownership in the United States, leaving the control practically in one gigantic trust. He found Morgan and Rockefeller at the head of the entire fabric and predicted that ultimately those two names would stand not only for the financial but for the production and transportation interests as well.

VOICE A WANT OF FAITH IN CANNON

[Continued from Page One.]

Weaver, chairman of the standing committee on temperance, and the Rev. Charles Scanlon, secretary, also defended the bill, which was finally voted the support of the assembly. The members of the assembly applauded the introduction of a resolution condemning the white slave traffic introduced by Quincy Thacker, of Elk Rapids, Mich. In discussing the resolution Commissioner Tucker said "there should be an old-fashioned brimstone hell for those engaged in this terrible business."

Discussed Home Missions.

Home missions, their work and needs, was the principal topic at today's session of the general assembly of the Presbyterian church now in session in this city. The board of home missions in its report stated that the total receipts for the year were $1,108,843.65.

The board reported progress in nearly every field and in discussing Mormonism said: "This problem abides and has lost none of its perplexities. As a system it still has all the ugly marks of sin. Those who know it best and meet it daily on the field think it resembles Mohammedanism in its subtlety and sensuality.

Speaking of Indian missions, the report says:

"With only 300,545 Indians in the United States, exclusive of Alaska, there is a larger percentage of heathen, unenlightened by the gospel, among this people than among any other element of American population. The report says that the estimated adherents of the Presbyterian faith among the Indians are 18,000 and that not a people in the world is more devoit than these Christian Indians."

Discussing Alaska the report says: "There is really no Sabbath in Alaska, with steamers, large and small, calling in port, and the industries and mines running seven days in the week."

EDITOR BRENNAN HERE.

John P. Brennan, of Cincinnati, editor of the Eleven O'Clock Toast, a publication devoted to the affairs of the Elks, is a visitor in the city today. Mr. Brennan met a large number of the Fort Wayne membership during his stay here.

The chemical engine was called this morning on a still alarm to Alt Heidelberk, where a pan of lard upon the kitchen range caught fire and was blazing briskly. There was no damage.

Dr. and Mrs. A. L. Mikesell left this afternoon for Covington, Ohio, to attend the funeral services of John Mikesell, grandfather of the physician. Mr. Mikesell, who was nearly 93 years of age, died on Monday.

The horse attached to a carriage in which Mrs. A. E. Hoffman and a relative were driving became frightened on Harrison street this morning, but in starting to run kicked in such a manner as to throw itself. The carriage was somewhat damaged, but the animal was quickly brought under control and the ladies were uninjured.

SEYLER GETTING CLOSER TO FATE

[Continued from Page One.]

while he walked around with her sister Alice. After he left I said to Jane "come on let's go in.

"We were near the wave motor (a water attraction.) She said no, standing ten feet from the motor. I did not tell the police I saw her fall overboard, but I said that was where she stood when I last saw her.

"When I left Jane I started in toward the hall. Jane called three times for Alice in a natural way. I turned around to look for her but could not see her so I returned to the motor. She was not there.

Did Not See Girl Fall.

"I swear to Almighty God I did not see her fall over the pier into the sea." Seyler said he had no trouble with Jane that night. Missing her, he thought Jane had joined Alice and Orvis.

"I went off the pier the same way I came," Seyler continued, "and on to the Chelsea hotel. I saw the engineer in the engine room and asked for a job. He spoke gruffly and said there was not much chance of getting a job."

The witness said he went from the hotel directly to his home, where he found his wife. His father and Mary McDonough came in late. Seyler went on to testify to his movements after reaching home, his testimony agreeing with that of his parents and Rose Dougherty as to trips between his home, his father's house and to saloons for beer. He described his meeting with Orvis at his father's house and said that up to that time he did not know Jane Adams had not returned home.

Abjures His Confession.

Seyler described the coming of Mrs. Adams to the house and her question as to Jane's whereabouts.

Seyler flatly denied the truth of the statement he signed for the police in Petersburg, Va., and asserted that he signed it after Robert Miller, the detective, wrote it, because the police promised that if he put his signature to the paper he would be taken back to Atlantic City and receive his freedom. The only thing he ever admitted, Seyler said, was the fact that he was on the pier on the night of Feb. 4.

When the prosecutor finished his examination the defense rested.

Seyler was not nervous on the stand and told his story in a clear voice.

Testimony in Rebuttal.

In rebuttal Prosecutor Goldenberg went on the stand to testify relative to a statement made by Orvis Seyler. Other officials present at the signing of the statement made by Wm. and Orvis also swore that Orvis made the statements.

The statement in brief was as follows:

"Will and I went to the pier with Jane and Alice. We were all together. We stayed out together about twenty minutes. Alice wanted to go in, so we did, but Jane stayed out with Will. Later in the evening I saw Will leave the pier and Jane was not with him."

Counsel for Seyler objected to the admission of the statement but the court overruled him and the statement was given to the jury.

REV. J. N. FIELD IN CITY.

Former Local Pastor President of University of California.

Rev. J. N. Field, former pastor of the First Baptist church in this city, was in Fort Wayne today for a brief call upon friends in the course of his return to California from a trip to Buffalo, N. Y. Rev. Mr. Field is now president of the University of Redlands, at Redlands, Cal.

"The work is especially gratifying," said Rev. Mr. Field today, "and I am happy to say that in my opinion the work I have been able to do in the past four years has been more important than that of the twenty-four years which preceded it. We have raised $350,000 for the new university and the first building erected at a cost of $100,000 was dedicated in February. I was placed in the presidency of the institution, the faculty of twelve is fully organized, we have a fine student body and I believe it is destined to be one of the greatest educational institutions on the Pacific coast."

ELKS GO TO KENDA[illegible]LE.

Fort Wayne Members Will Institute New Lodge There.

In a special car over the Toledo & Chicago interurban line at 4 o'clock this afternoon, a big delegation of Fort Wayne Elks left for Kendallville, where this evening they will participate in the ceremonies incident to the institution of a new lodge of that fraternity.

The return trip will be made at a late hour this evening.

CHANGE FOOD

And Lose That Uneasy Feeling.

A man who has always been a "skinny chap," although hardly ever ill, tells of the way he put on flesh and reduced his irritability and nervous condition.

By chance he had a taste of Grape-Nuts food at the table of a friend and enjoyed the flavor so much that he began to have it every meal. He says:

"In a short time I found myself another person, the old feeling of discontent and uneasiness left me entirely, it became a pleasure to go about my work, whereas, before, for years, I had always had the feeling of being a little weary, now I seem to have a surplus of energy for everything. My weight has increased 11 pounds in four weeks, and I am still gaining.

"I have never been very sick, and am satisfied that if my present improvement in health continues, I shall not be.

"The change that this food has made in my life has been remarkable and so satisfactory that I am glad of the opportunity to tell you."

NEWS OF FORT WAYNE'S NEIGHBORS

FORT WAYNE MAN WON BIG CONTRACT

John Suelzer Will Build School House at Delphos—Given General Contract.

Delphos, Ohio, May 25.—The school board, which completed yesterday the tabulation of the bids received for the erection of the Lincoln school building, awarded the general contract to John Suelzer, of Fort Wayne, for $13,-, his bid being the lowest and best of twelve received. The time for completion of the building is one hundred days. All the bids save that of Mr. Suelzer ranged from $16,500 to $18,626. The Union Hardware company was awarded the plumbing contract and the Wentworth Dean company, of Lima, the electric wiring.

FEEDS POTATOES TO HOGS.

And Noble County Farmer Says It Pays.

Kendallville, Ind., May 25.—Henry Edmond, a farmer near Brimfield, was in town yesterday with a load of potatoes, which he sold for thirty cents a bushel. Mr. Edmond raised about 1,-800 bushels last year and had them contracted for at a good price, but failing to get cars in time lost his contract. He has fed about a thousand bushels to the hogs and has potatoes left. He will plant a large acreage again this year, and if the price is low will feed them to the hogs again, as he finds it pays.

PLANT WILL ENLARGE.

Garrett, Ind., May 25.—Leigh Hunt, who has conducted the Hunt Manufacturing plant in this city, has sold an interest to Mayor W. J. Fredericks, E. E. Clark and Charles Abel, all Garrett men, and within the near future the plant is to be operated on a much larger basis. The work of manufacturing cloak racks and store fixtures of various kinds will be made the attention of the company, which will be incorporated under the laws of Indiana for $10,000.

MANY CITIES WANT THE CONN FACTORY

Flattering Bonus Offers Made—Elkhart Preparing to Give Conn a Home Welcome.

Elkhart, Ind., May 25.—C. G. Conn, the great band manufacturer, will arrive home from the Pacific coast, where he has been for months, on Thursday afternoon of this week, and the citizens at a meeting held last night started arrangements to give him a great public reception.

Upon his arrival home Mr. Conn will immediately start the plans for rebuilding his big band factory destroyed by fire. Other cities are bidding for its location. The factory management is being literally bombarded with propositions from industrial associations from all over the country.

Among the cities that have made bids for the Conn plant are Indianapolis, Terre Haute, Fort Wayne, Pittsburg, Pa.; Joliet, Ill., and many others. All of the proposals contain offers of free sites and factory buildings and many of them include flattering bonus offers.

POWERS WONT TALK.

Not Certain That He Will Be Candidate for Judge.

Auburn, Ind., May 25.—Attorney Frank Powers, of Angola, who has been mentioned frequently in connection with the democratic nomination for judge of this judicial circuit, composed of DeKalb and Steuben, was in the city yesterday. A reporter of the Auburn Courier interviewed him, but could not get him to say whether he was a candidate or not. He is being strongly urged to accept the nomination.

ASKS $25,000 DAMAGES.

Hartford City, Ind., May 2 .—The most important case up for trial at this term of the circuit court is that of Mrs. Edna Lyman-Reese, of Marion, against her father-in-law, John Reese, of Dunkark, in which the plaintiff asks $25,000 damages on account of alleged alienation of her husband's affections by the defendant and his wife, Mary Reese. It is thought that the case will be stubbornly contested and the outcome will be watched with interest.

PRETTY COSTLY DRUNK.

Bluffton Man Will Be in Jail for 101 Days.

Bluffton, Ind., May 2 —Butler Ambers, who was arrested on the streets intoxicated, received one of the heaviest sentences imposed in this city for a similar offense in a long time, as yesterday, when he was before Mayor Smith he received a sentence of $11 and ninety days in jail, making a total jail sentence of 101 days, and he will not be able to pay the fine. He began to lay out the long sentence yesterday afternoon.

HER BROTHER MURDERED.

Decatur Woman Called to Illinois on Sad Mission.

Decatur, Ind., May 25.—Mr. and Mrs. A. M. Anker and daughter, Veronica, left yesterday morning for Westville, Ill., where they were called by a message stating that Mrs. Anker's brother, Joseph Smith, a young man of that place, had been murdered Monday evening about 6 o'clock by being shot. He was killed instantly by Jack Welch.

Details of the murder are not obtainable here. The men were employed as miners it is said, and as a strike has been raging in that section for some time, it is possible that the ill-feeling between the men was caused by some controversy over that business.

ARRESTED FOR LARCENY.

Portland, Ind., May 25.—Lawrence Byrd, formerly of New Mt. Pleasant, who one month ago was released from the state prison on parole, was arrested Tuesday afternoon on complaint of James C. Powell, charged with larceny, it being alleged in the complaint filed in the court of Justice o fthe Peace A. G. Lewis that he fraudulently procured a coat and pair of trousers at the Powell establishment, on North Meridian street, the goods being valued at $22.

SECURING EVIDENCE.

Columbia City, Ind., May 25.—Chief of Police Ben Elliott and Sergeant Pappert, of Fort Wayne, accompanied by Marshall Hull, went to the home of George Harshbarger, in East Jackson street, Tuesday to interview Mrs. Harshbarger, who is wanted as a witness in a case of criminal assault against a man named Kissinger, whose victim is said to have been his own daughter.

WIDOW GIVEN THE ESTATE.

Decatur, Ind., May 25.—The last will and testament of Christian Luginbill was probated, bequeathing all his property, real and personal, to his wife, Emily, so long as she remains his widow. If she marries again the property is to be sold and one-third given her and two-thirds divided equally among the children. The will was written March 18, 1890, and witnessed by James and S. H. Lang.

STOLE A HORSE.

Columbia City, Ind., May 25.—Sheriff P. J. Stanley, of Albion, called Sheriff Schumaker by telephone early Tuesday morning to notify him that a thirteen-year-old boy had stolen a horse north of Albion between 4 and 5 o'clock Monday evening and was at last reports headed toward this city in a two-wheeled cart. The youngster had also stolen a 38-caliber revolver.

BRIDGE CONTRACT LET.

Warsaw, Ind., May 25.—Tuesday was bridge day at the court house and the board of commissioners in special session awarded the contract for fourteen different pair of abutments to be constructed in Kosciusko county during the next few months. The contracts amounted in all to $4,461 and it was the biggest letting of its kind that has been held here for many years.

WELLS COUNTY GRADUATES.

Bluffton, Ind., May 25.—County Superintendent A. R. Huyette has completed the grading of the papers of the twenty Eighth grade students who took the examination for common school diplomas last Saturday, and he reports that four out of that number made passing grades and this raises the total graduates to 192.

WILL BE BIG MEETING.

Bluffton, Ind., May 25.—The local chapter of the Phi Delta Kappas is making big preparations for the annual national convention, which will be held in this city on Tuesday, Wednesday and Thursday, June 28th, 29th and 30th. There are now twenty chapter in the national Phi Delta Kappa association and it is expected that during part of the convention sessions in this city there will be 250 to 400 visiting Kappas in attendance.

AUBURN JURY'S INDICTMENTS.

Auburn, Ind., May 25.—The grand jury, which has been in session here, yesterday returned twelve indictments. Their nature has not been made public, but most of them are known to be violations of the liquor law.

PORTLAND GRADUATES.

Portland, Ind., May 2 .—The programs have been issued for the annual commencement exercises of the Portland high school Friday night, when twelve young men and women of Portland and vicinity will receive diplomas. The class address will be made by Thomas Brooks Fletcher, of Cleveland, Ohio, on "Tragedies of the Unprepared."

PASTOR'S SALARY INCREASED.

Portland, Ind., May 25.—At the quarterly conference of the officers of the M. E. church yesterday the salary of Rev. Loren M. Edwards, the pastor, was increased from $1,500 to $1,600 yearly. The rental of the parsonage was taken in at $250 per year, which in reality makes the salary of the pastor $1,850.

DO THE JAIL SENTENCES STICK?

Two roadhouse keepers were penalized today in the city court for permitting minors to loiter in their places. The penalties consist of heavy fines supplemented by jail sentences. "Permitting minors to loiter" consisted in these instances of opening the doors of the places to young girls and permitting them to drink. It is to be hoped that in these cases at least there will be no interference with the penalties. These men ought to go to jail. Their business is unspeakably nefarious and vile and the way it is conducted is criminal. The girls in the present cases are young things, one under fifteen and the other not much if any beyond sixteen. Their companions were boys also under legal majority. Yet these youngsters found no trouble getting into these places, purchasing intoxicants and drinking them on the premises. It transpired in the course of the testimony that attempts had been made by some one to tamper with the state's witnesses. Here is offered an occasion for the county prosecutor to busy himself with something worth while. If there was an attempt to suborn these witnesses a grave crime has been committed and it ought to be made the subject of a searching inquiry. The Hiser and Gaskill roadhouses have been blots on this community long enough and it is time they were wiped out and justice in full measure dealt to their keepers. It is singular that men of this stamp are able to procure licenses of a judicial body of decent men and law-loving citizens such as the members of the Allen county board of commissioners are supposed to be. They are unfit to be in the business. The law expressly designs that such men shall not be licensed and any ordinary diligence to inform themselves of the character of Gaskill and Hiser would have been sufficient to show the commissioners their true course. However, the point now is, do these jail sentences stick?

The president of the wholesale liquor dealers' association in addressing the organization's annual meeting declared that only men fit for the business should be tolerated in the retail liquor traffic. We have heard much of that line of talk from distillers, wholesale liquor dealers and brewers during the past two or three years during which anti-saloon sentiment has made such effective strides over the country. It appears to be a very favorably regarded theory, but not much pursued as a practice. It is not apparent that the fellows who run the dives and dumps have any harder time getting their goods than formerly they had. A better class of saloons and saloonkeepers no doubt would have some influence in abating or at least modifying the hostile sentiment in some parts of the country, especially in larger towns. That is what liquor dealers' and brewers' associations have been abstractly preaching for a good while. There have been some results in Fort Wayne due to activity by breweries, but in general very little has come about that would fall under description of "elevation of the business." In this connection, it would be interesting to know what the wholesale liquor dealers would consider a proper course of treatment from themselves to certain roadhouses in this region. Would they approve them? It requires the activities of only a few places like the Hiser, deadfall to rouse a pretty large community to hostility to the whole business.

President Taft went out into Jim Tawney's district and made his now justly celebrated and deservedly famous Winona tariff speech. If that forensic effort failed to help the eminent standpatter who represents the First Minnesota district in the national house of representatives it was no fault of the president. He just naturally thought that Tawney represented the sentiments as well as the heads of the qualified voters. Ad interim events have proved somewhat the contrary to be true. Mr. Tawney is in grave peril of becoming a lame duck to join the JimWatson-Jim Hemenway combination of crippled webfeet and he scents the danger from afar. That is the why and the wherefore of his scarcely sane zeal to get an appropriation of a quarter of a million dollars for the use of the president in ascertaining and classifying tariff facts from whatever portion of the earth they may be procured. And the fact that it was none less than his own retund self who started the trouble in the Tawney bailiwick no doubt explains some degree of the Taft eagerness to have that appropriation made for rational employment by the tariff board. So far as the Aldrich sacred schedules are concerned, deep down in his heart Jim Tawney is standing pat on them as hard as he knows how, but he realizes there is only one place to stand pat, and that is in congress. Hence; likewise therefore.

Brer Ballinger's troubles are not going to end with the final disposition of the Pinchot prosecution. The republican brethren of Alaska, who decline to dwell together in Christian unity and peace, are descended upon Washington to try out their causes before the judiciary bodies of congress. The Morgans and the Guggenheims are inextricably mixed in this matter and how the interior department is going to escape a share in the melee is more than yet is clear. It is primarily a fight over offices, but the ousted ones assert and express readiness to prove that the same big interests that have been dominating the interior department in respect of Alaska have been busy getting dependable tools into the places of responsibility in Alaska. Just from the road, it looks like it. The ex-officials say they were trying to enforce conservation policies and it has cost them their heads.

The Ninth district republicans do not want the issue of Senator Beveridge complicated with petty but embarrassing considerations like the county option law. So in their congressional convention they promptly voted down the resolution of an enthusiastic but misguided brother who sought to get into the platform a declaration that the Ninth district republicans do not want any monkeying with temperance laws now on the statute books—meaing specially and specifically the Hanly county option law. The convetion fell with great unanimity and much weight on the good but ill-advised intention of the brother and his purpose became but a blotted minute in the record of the proceedings.

Flying from France to Johnny Bull's tight little island is getting common enough, but why doth no Briton pay back the compliment? If flying over the channel had been achieved in the first Bonaparte's time what a pretty muss it would have made of the feelings of the Britishers.

There is no issue but Beveridge and Hon. Charles Beery Landis didn't want to run for congress on that so he declined, though there was every indication that the Ninth district republicans would have been glad to renominate their brilliant old leader.

There will be plenty of grief for business traffic in Fort Wayne during the next three months and the more expedition there is in getting Calhoun street repaved the less that grief will be. Every means the board can employ to cause rapid and unintermittent prosecution of the work should be seized upon. The very best that can be done is going to be bad enough.

The roadhouse dives are open to young girls ought to be good enough game for the prosecutor, the police and the sheriff.

PROF. MORAN HONOR GUEST.

Alumni of Purdue University in Banquet at Anthony.

The Fort Wayne Alumni association of Purdue University held its fourth annual banquet Tuesday evening at the Anthony hotel, where thirty local graduates of the institution at Lafayette discussed an elaborate menu and enjoyed the program of addresses that followed.

Victor M. Nussbaum was toastmaster and the guest of honor was Prof. T. F. Moran, professor of history at Purdue, who, in response to the toast, "Latest from the Front," talked of the Purdue of the present and of its kindly interest in the men who had gone out from its halls. Other responses were by L. D. Nordstrum, whose theme was "Ten Years Ago," and Roy Young, who responded to the sentiment, "Purdue Spirit." The event was thoroughly enjoyable.

HOME LODGE GIVES A BANQUET TO 600 GUESTS

Fortieth Anniversary Celebrated by Masonic Organization.

With six hundred members of the Masonic fraternity seated about the banquet tables at Masonic Temple Tuesday evening, Home lodge No. 342, the youngest Masonic lodge in Fort Wayne, celebrated its fortieth anniversary in handsome style.

The banquet followed a degree session which began at 1 o'clock Tuesday afternoon. Members of other lodges in the city and many out-of-town members accepted the invitation to join in the festivities, and the occasion was one of the most notable held at the temple in may years. Seated near Toastmaster Charles A. Meigs at the speakers' table were three of the charter members, who assisted in the formation of Home lodge forty years ago. They were James E. Graham and John W. Hayden, of this city, and Capt. F. F. Boltz, of Bluffton. Other living charter members are G. E. Bursley, who was confined to his home by illness, and Peter Gable, who is a resident of Oklahoma.

Attorney Herbert L. Somers started the post-prandial program with an address in which he gave a sketch of the Home lodge of today; Mr. Graham told of the early life of the lodge; E. Ralph Yarnelle talked on "The Significance of Masonry," and B. J. Griswold followed with some clever character impersonations, closing with a fanciful forecast of the centennial anniversary of the lodge sixty years hence that proved one of the big hits of the evening.

FIVE YEARS OLD

Anniversary Statement

On the 20th of May, 1910, this bank completed the first five years of its history. The story of these years has been a story of hard work and high ambition. It has also been a story of success achieved beyond our most sanguine expectation. Our first day's business gave promise of a splendid future and the intervening years have brought even greater growth than was foreshadowed in our opening. The bank has made good in every way. It has compelled the respect of its elders and earned the confidence of the public. The men who have been from the start identified with the management of this bank feel very proud of its success. They have given it close attention and the steady, substantial growth which it has achieved is in a large degree due to the efforts of the splendid list of men of affairs who form its Board of Directors. Here is the story of the five years, beginning with our first day's business and showing the figures on each anniversary date thereafter.

Of course if this growth had been obtained through extravagant methods and the sacrifice of profits that ought to have been earned, there would not be much credit, even though the growth has been so great. But we have not been doing business for fun. We have treated our customers liberally. We think they will all agree to this. But by the use of modern methods and the practice of rigid economy in conducting the affairs of the bank a goodly amount has each year "stuck to the ribs." New financial institutions generally have a long period of "getting started," during which no one expects them to more than make expenses.

This bank has already paid out to its stockholders in dividends	$ 47,400.00
It has accumulated a surplus from its earnings (not paid in)	39,500.00
It has accumulated undivided profits	20,203.27
It has paid out of its earnings local taxes	14,202.66
It has charged off out of its earnings from furniture and fixtures	5,087.50
Making the total profit for five years	$126,393.43

The total of these figures has been increased during the past year $39,321.70, a very satisfactory year's business.

In addition to this we are carrying no concealed losses. We don't believe in deceiving ourselves. It has always been our practice to promptly charge off any little loss that may have been sustained in conducting the business of the bank. We make bold to say that our bank does not hold a single piece of paper that is not in our judgment worth **one hundred cents on the dollar** of the value at which we are carrying it.

There are some things about our bank that are a little different from most banks. We are great believers in the strength which comes from having a large number of small and moderate-sized accounts. Every little added to the little that you have makes a little more and many "little mores" makes a big total. The good will of a large number of small depositors is the best asset a bank can have. It does more than anything else to build up its business and to secure for it friends whose loyalty can be depended on. The small depositor of today may become within a few years a man of large affairs and of much importance in the community.

We want to get hold of the young men of thrift and integrity. In a few years they will be the big men of Fort Wayne. They belong to us. They will feel comfortable with us. They will rejoice in our growth even as we shall rejoice in theirs. The German-American has in it all the possibilities of youth. Its future is bright with promise even as its past is full of achievement.

Pale and Peaked

Simple Way to Bring Back the Roses to Your Cheeks.

When the color has faded from your cheeks, when you feel weak and tire easily, when you are blue and despondent, these are signs that your blood needs more vitality, that it is filled with impurities, that you are in danger of serious illness.

These symptoms are especially common at this season, but a few days use of Margo, the new discovery that has such wonderful action in increasing the red corpuscles in the blood and cleansing it of impurities, will make a great change for the better.

The roses will soon appear in the cheeks, the eyes will regain their sparkle, the step will be youthful and springy, and you will find "that tired feeling" a thing of the past.

In order that a thorough test of Margo may be made without a penny's cost, unless it does all that is claimed for it, the laboratory has sent a quantity of 50c packages to Meyer Bros. Co. to be sold upon the distinct agreement that the purchase price is to be refunded without question or quibble if Margo fails to give entire satisfaction.

If you have any skin eruption or diseased condition, due to impure or impoverished blood, use Margo at once, with the knowledge that it is the only blood purifier on the market that has sufficient merit to come boldly out on the "no cure" "no pay" plan.

A two weeks' treatment costs only 50c at Meyer Bros. Co.

IN THE CITY'S CHURCHES

RECEPTION TO BE GIVEN REV. AND MRS. BEATTY AT FIRST M. E.

Methodists of City Will Honor New Superintendent June 2.

Plans are under way for a reception to be tendered Rev. Dr. and Mrs. James A. Beatty at the First Methodist Episcopal church, Thursday evening, June 2. Dr. Beatty is the new superintendent of the Fort Wayne district of the M. E. church and a royal welcome to this city will be his. The affair is to be held directly under the auspices of the official board of the five local churches of the denomination and all of the Methodists of the city are cordially invited to attend the function. It has been decided to hold it at the First church, of which Rev. J. K. Cecil is pastor. The committee on arrangements is formed by a lay representative from each of the churches. A. S. Coverdale, of Wayne street church, is chairman; T. L. Comparet represents the First church; Dr. William A. Ensley, Simpson church; F. H. Starkel, Trinity church, and Edward Hall, of St. Paul's church. Besides this committee there is also a sub-committee from each church.

The evening's program will open with a reception and will be followed by musical selections and addresses. Later refreshments will be served. In the receiving line will be Rev. and Mrs. Beatty, the pastors of the churches and their wives and one layman from each church and his wife. An unusually large attendance is anticipated. Dr. Beatty has one son, a student at DePauw university.

Dr. Beatty will preach this evening at the First M. E. church, the first quarterly conference will also be held and will be followed by an important meeting of the official board.

RESOLUTIONS OF RESPECT.

Adopted by Local K. C. Council in Memory of Father Roche.

Fort Wayne council, Knights of Columbus, No. 451, at its meeting this week, adopted resolutions of respect in memory of Rev. Patrick F. Roche, a member of the council. The resolutions are as follows:

Whereas, The death on May twelfth, Nineteen Hundred and Ten, of our beloved and esteemed brother, Rev. Patrick F. Roche, pastor of the congregation of the Cathedral of the Immaculate Conception of the diocese of Fort Wayne, has stricken the members of this council with grief and sincere regret because of the loss of a kind and generous brother and adviser.

Therefore, Be it resolved that the members of Fort Wayne council, Knights of Columbus, No. 451, hereby attest the love and respect we bear toward his honored life and memory.

His life was a true example of a sincere and earnest Christian, worthy of emulation by all. He was born of devoted Catholic parents, March 15, 1852, and was blessed by the good influences of a Christian home and was ever dutiful and obedient as a kind and loving son and brother. In his early youth he manifested those sincere and elevating traits which marked him for that holy career in which he afterwards so zealously labored for the betterment of his fellow men and the glory of God. As a student he was thorough and tireless and with characteristic diligence and devotion prepared his mind and soul for the great duties and responsibilities which his life's work among his brothers was to impose upon him.

For twenty-nine years, as a member of the priesthood, he zealously and unselfishly devoted himself to a realization of the virtues taught by that faith he so devoutly practiced. He possessed a remarkable ability to cope with the practical problems of life. He made the many sacrifices which his life of devotion to the interests of the church and her children required of him, in the true spirit of Christian charity and bore the physical and mental suffering of sickness with the hope and fortitude of a true Christian.

Be it resolved, That we express to his bereaved family, in their great sorrow because of the loss of so honored and loving a son and brother, the sympathy of the members of this council, by transmitting to them a copy of these resolutions; that a copy of these resolutions be spread upon the records of this council and that the charter be draped in mourning for a period of sixty days in respect to his memory.

Respectfully submitted,
ADAM A. REINHART,
FRANK MUNGOVAN,
CHARLES M. NIEZER,
Committee Fort Wayne Council, Knights of Columbus, No. 451.

TWENTY-ONE NEW MEMBERS.

St. Aloysius Young Men's Society at St. Mary's Celebrates.

The monthly meeting of the St. Aloysius Young Men's society of St. Mary's Catholic church was supplemented by a number of social features Tuesday evening. During the business session the ranks of the society were augmented by twenty-one new members. An excellent address on "Catholicity" was delivered by Rt. Rev. Mgr. Oechtering, V. G., rector of St. Mary's church. Later a banquet was enjoyed and a number of card games played. The attendance of the young men was gratifying to all concerned. The committee in charge of the affair was formed by Messrs. J. M. Schwartz, A. A. Kartholl, A. J. Luley, A. M. Hoffman, A. J. Niedhart and C. H. Parrott.

Men's Shirts IN Silks & Flannels

Stylish patterns in easy fitting shirts of summer weight, at prices you'll want to pay.

When summer gets started right you probably will want the right kind of

Clothes and Hat

To shade off the sun's heat and yet welcome the light breezes.

You may think it a little hard to get such a suit that won't look baggy and out of shape three-fourths of the time---a great many summer suits are that way---but that's because they're not made right.

Our Mohair Suits are the very lightest, airiest two-piece suits made and they'll hold their shape much BETTER than you expect. In light-weight flannels and woolens we are showing some tempting patterns, also it's NOT too early to make a selection.

Our Straw Hats in both domestic and imported straws will prove a revelation to you both in STYLE and COMFORT. We have an Italian Panama that's a little wonder for $2, and we're selling Bonkoks at $6, at least a dollar less than usually asked. Our line of Panamas is COMPLETE at from $4 to $8.

WE INTRODUCE THE

WAYNE CEDARED PAPER WARDROBE

Both men and women have always wanted some sensible, inexpensive way to keep their clothing, furs, blankets and all their better wearing apparel proof from dust, soot, dampness, insects and months.

WE HAVE FOUND THE WAY in the **Wayne Cedared Paper Wardrobe.** This Wardrobe is in reality a paper bag—made from the strongest rope paper and cedared. A delicate cedar smell is noticed the minute you pick up this bag—but the odor does not permeate the clothing.

These wardrobes come in various sizes for whatever use desired. Inside the wardrobe are hooks, so arranged that they cannot pull out. Place your garment—coat, overcoat, skirt, gown, opera coat—any garment—on the proper hanger and "hang the hanger" on this hook. Fold over the top of the wardrobe and clamp it—it's then airtight. Suspend the **outside** hook to any closet hook—in the hall—anywhere. The garments inside will be perfectly safe from moths, dust, dirt, soot and dampness.

We invite you to visit our second floor and see the **Wayne Wardrobe** demonstrated. You'll find them to be exactly what you want.

Mrs. John Randolph Brown, of Knoxville, Tenn., and Mrs. Harriet B. Hall, who has been spending the winter in the city, were the guests for whom Mrs. Arthur Fletcher Hall, of 910 West Wayne street, was at home this afternoon. Informality was quite apparent in every way as the hostess in no way desired to have a formal reception, but merely set a time when friends would find herself and the visitors at home. No personal invitations were issued. The rooms were artistically decorated with crimson peonies in the living room and with pale yellow and lavender iris in other rooms. Mrs. Leroy Hartzler and Mrs. George B. Hall served light refreshments to the callers.

The marriage of Miss Helen Kessens and Joseph Masbaum will take place June 7, in St. Mary's Catholic church. The bride-elect is a daughter of Mr. and Mrs. Jacob Kessens, of 1703 East Lewis street. Mr. Masbaum is a machinist in the Pennsylvania shops. Both are young people who are held in high esteem by their friends and acquaintances.

The Bohemia embroidery club was entertained at the home of Mrs. Ed Abery, of Thomas street, yesterday afternoon. Pink, white and green were the colors of the decorations. Mrs. Adrian Stout and Mrs. Guy Williams won the prizes. Mrs. George Bogen will be the next hostess. A pleasant time was enjoyed by the entire club at yesterday's meeting.

There will be a house party on Decoration day at the S. F. Bowser cottage, Winona Lake. Mr. and Mrs. L. F. Johnson will be the host and hostess for the time and others of the party will be Mr. and Mrs. Lewis Porter, Mr. and Mrs. William Braun, Mr. and Mrs. Jules Simon, Mr. and Mrs. Guy Bassett, Miss Edna Schaefer, of Grand Rapids; Miss Mildred Bowser and Messrs. Joe Sigl and Roy Walker.

A pleasant surprise of last evening was in the way of a "shower" planned by Miss Cecelia Gibson at her home in High street, on Miss Marie Kirby, who is to be a bride on June 15, of Frank Stanley, of Detroit, Mich. Games were one of the amusements of the evening and a luncheon, the taking of a flashlight picture of the company were other amusements. Prizes in a contest were won by Miss Mabel Evans and Miss Kirby. The guests presented Miss Kirby with a number of pretty gifts of linen and Miss Evans gave her the prize. There were present Misses Cecelia Hogan, Louise Nelter, Nora Vaughn, Viola Gaskill, Mabel Evans, Ursula Linton, Frances Deck, Jennie Gibson, Minnie Leckler, Kate Gibson, Martha Wurthmann, Clara Leinker, Anna Gibson, Cora Stalder.

Mrs. J. Pierre and daughter, Mrs. Fleming, formerly Miss Rose Pierre, of this city, are here visiting relatives and friends.

The Kindergarten Play festival which will be held in Princess rink on Saturday afternoon from 3 to 4 o'clock, is one of the principal topics of conversation among the children and their parents. Children unaccompanied by parents will not be permitted to attend.

Mr. and Mrs. J. S. Bertels, of Harmer street, were host and hostess to about seventy-five of their friends last night, the occasion being the celebration of their wooden wedding. The evening was devoted to dancing, followed by a delicious lunch, and every one present seemed to enjoy it. The rooms were prettily decorated with ferns and carnations. Mr. and Mrs. Bertels received a number of pretty and useful presents. Mr. Bertels is a passenger brakeman on the Pennsylvania road.

Flory—Blank.

A pretty wedding at St. Peter's church this morning at 9 o'clock was that of Miss Catherine M. Blank and Mr. Clarence J. Flory, both of this city. After the nuptial mass, which was celebrated by Rev. C. H. Thiele, the bridal party went to the home of the bride in East Taber street, where the wedding breakfast was served. Mr. and Mrs. Flory left at noon for Pittsburg, where they will spend the honeymoon visiting relatives. Mr. Flory is employed in the Pennsylvania shops.

A Country Party.

At the farm of Henry Schaper, southeast of the city, a merry company of intimate friends of Mr. and Mrs. Schaper gathered on Sunday, May 22, to spend the day. Mrs. Ed Schroeder and Mrs. Louis Meyers assisted Mrs. Schaper in serving a fine dinner. The rest of the time was spent in visiting and enjoying a game of cards. Miss Martha Prange and Fred Kraft furnished music during the time. A supper was served late in the afternoon. The guests were Mr. and Mrs. Ed Meyers, Mr. and Mrs. W. Meyers, Mr. and Mrs. Fred Kruckeberg, Mr. and Mrs. W. Adams, Mr. and Mrs. Buke, Mr. and Mrs. Gust Kruckeberg, Mr. and Mrs. Fred Kraft, Mrs Henry Kraft, Mr. and Mrs. Gust Yergens, Mr. and Mrs. Ed Schroeder, Mrs. Felger, Miss Lottie Yergens, Miss Lizzie Riel.

MILITARY HAT OF STRAW.

PHOTO BY JOEL FEIBEL

This smart crin hat is turned directly back from the face, in Napoleonic style, and a band of pale blue ribbon passes across the crown and holds back the brim. Pink flowers are massed at the side of the hat.

The shirtwaist, also—one of the dainty models of white batiste—has a military suggestion in its frog and button trimmings.

ROBISON PARK'S ATTRACTIONS

Children's Playground One of Several Beautiful and New Features of the Resort.

Just now when the playground spirit is in the air, people, especially mothers and their children, will hear with great interest of the playground at Robison park. It is a model playground in every particular and one which will give pleasure not merely to mothers and the kindergartners but which anyone who has not forgotten his youth, will wish he could go in and play a while too. Manager C. H. Williams takes great pride in his playground. Of first importance is a large sand pit, not the sand found in Allen county, but sand brought from the shores of Lake Michigan. Small pails and shovels can be purchased for a few cents to supply the busy hands of the tiny boys and girls who will grow strong and healthy as they play. Perhaps the next thing in importance is a shelter house, a small building where teacher or parent can gather little folks about her and read to them, or where the sleeping babe can be placed out of the way of the romping children who are busy with the many teeters, coasters, rocking boats, circle swings and ordinary swings. There are many tables and benches at which the children can sit and play games and eat their picnic lunches. And in the center of the playground is the monkey house, in which a small family of five monkeys will chatter and eat and sleep.

The playground is one of several new features which Manager Williams has provided for the entertainment and pleasure of park patrons. The picnic grounds have never been so attractive. The benches have been painted a handsome red. There are many new lunch tables, enough to seat many hundreds of people at once. The old dancing pavilion has been converted into a picnic room with tables and chairs which will be convenient in case of sudden showers. Near the playground is a deer park in which two fallow deer will be found.

A maze of wire, one of the free features, already promises to be the most popular place on the grounds. It is called "The Lion and the Mouse," and is merely a labyrinth of wire netting which is entered through a turnstile and from which you escape only by finding the way to the stairs which lead to the platform above and from which another stairway leads to the grounds outside.

Another new thing is the Penny Bijou, or "little jewel." In this building is Esmeralda, the wonderful mechanical figure that breathes, moves and tells fortunes. A real crow stands beside her, looks wise and shakes his head. The building has a varied collection of penny exhibits. Music boxes, which play any tune you select, picture exhibits of historical religious paintings, a mechanical illusion of the martyred Lincoln, an electrical machine for testing strength present various entertainment.

New stalls for convenience of farmers is an important addition to the park. The moving of the organ from the pavilion to a house for it out of doors makes an improvement in two ways and newly painted buildings and fresh decorations everywhere all serve their purpose of making Robison park one of the most beautiful pleasure resorts in this part of the country.

The regular park season will open next Sunday with the Packard band to furnish the music.

The summer theater has been put in fine shape and Manager Williams will run moving picture and vaudeville entertainment of a class that is bound to please. Older and still more familiar features of entertainment of which the roller coaster is but one, are still in order for their many patrons. No expense has been spared in putting the park in firstclass order. Just now the park itself is more beautiful than at any other season of the year. The verdure is its greenest, the birds sing their sweet songs, and in any direction the eye glances, nature offers her beauties to see, her fresh and invigorating air to breath, her sunlight to warm. If the opening day is a fair one it is expected the attendance will be record breaking. Manager Williams and the Wabash Valley Traction company have made preparations to handle any number of thousands of people who may go.

ONE-PIECE FROCK.

By MRS. JANE FORD.

3 SIZES 2 TO 6 YEARS

For small children simple frocks that hang straight from the shoulders are both becoming and comfortable, and the average mother likes them because they are easily made and launder nicely. The pattern for the smart model shown here is cut in three sizes that will fit children from two to six years of age. To copy it for a child of four years, one and five-eighths yards of goods thirty-six inches wide will be needed.

For morning wear inexpensive weaves, such as chambray, gingham, percale and colored linen should be used. In any of these fabrics a becoming color should be selected and trimmed as pictured with bands of Hamburg embroidery.

When a dressy frock is wanted mothers may select pique, in white or a dainty shade of blue or pink, and finish the edge of the yoke and sleeves with a buttonholed scallop worked with cotton in a contrasting color.

A lovely little dress could be made from pale blue cotton poplin, the edges worked with a design in heavy white mercerized cotton. Polka dots, of white, about the size of ten-cent pieces, could be used as trimming. The dots should be arranged about two inches apart on the sleeves and on the box plaited panel at the front and back.

Lawns, dimities and such fabrics made in this style will be pretty if decorated with Swiss embroidery or thread lace.

A dress in this model of white lawn could have bands of blue placed as pictured on either edge and worked with a row of feather stitching.

Another effective frock made like this design could be of tiny blue checked silk gingham, with plain bias bands of the goods, piped with white, used as a decoration.

Date Sandwiches.

Cut slices of whole wheat bread as thin as possible; butter them lightly. Chop the dates very fine, spread on the sandwiches and serve.

Lady Fingers.

Into one-quarter of a pound of pulverized sugar stir the yolks of three eggs until light. Use a spoon for this. Beat the whites of the three eggs well, and stir into the first mixture, also, one-half of a cupful of flour sifted. Pour this batter into a meringue bag and press it through in strips the size of the lady finger desired, long or short. Sprinkle with pulverized sugar, and bake in a slow oven for about one-quarter of an hour.

PARASITE IN STRAW CAUSE OF SKIN DISEASES

Dr. Rawles, of Huntertown, Tells Health Officers of His Discovery.

Indianapolis, May 25.—"Eradicate the straw mattress and refrain from using straw under carpets and you will overcome the cause of 90 per cent of the skin diseases of the country," was the declaration made at the annual conference of city and county health officers of the state yesterday afternoon at the Claypool hotel, by Dr. L. T. Rawles, of Huntertown, who read a paper on the discovery of a mite known as "Dermatitis Feiculoides Ventricosus" or Grain Itch. The parasite lives in straw, he said. It is not visible to the naked eye and under microscopic observation looks something like a turtle.

"The discovery was made last year when the wheat and barley belts of the state were infected with the worst forms of eczema and skin diseases," said Dr. Rawles. "Hundreds of people suffered violently from the trouble, and in many cases the infection was the cause of more serious illness. We made a thorough investigation and discovered this mite by the millions on the wheat and barley straw. It was found among the early strawberry pickers who worked on the straw used in mulching the ground, and in all the homes where the straw ticks and straw carpet padding were renewed at threshing time there were aggravated cases of the work of the parasite.

"The manufactured straw mattresses, unless properly treated, contain the same infection, and the use of any kind of straw about the home is deplorable."

More Poisonous Than Mosquito.

According to Dr. Rawles the parasite is more poisonous than the mosquito or any of the common members of the parasite family, and at least 90 per cent of the skin affection of the summer are due to the grain itch.

Miss Ada Schweitzer, assistant at the bacteriological laboratory, read an interesting paper on "Malaria in Indiana." She said that the common belief that malaria has been destroyed in the state is erroneous and introduced figures to prove that a large number of Indiana people still suffer from the disease.

"It is not so common as in years gone by," said Miss Schweitzer, "though the malady is quite prevalent in the river bottoms. In 1820 one-eighth of the population of Indianapolis died from malaria. At that time 95 per cent of the population of the state contracted the disease. Judge Witt, who was holding court in a carpenter shop in Indianapolis, was compelled to give the jury a recess while he had a chill. The teachers and children of the schools would occupy the benches as beds while the ague was on. More than 90 per cent of the people suffered from the infection in 1835 '45, '55, '65 and '75, which were the worst years of the disease.

"The northern part of the state is practically free from any signs of the malady at this time and Indianapolis offered only six cases last year. Howard and Cass counties are the hotbeds for the infection, and along the river bottoms in Vigo and other river counties the disease is met with."

Governor Urges Co-Operation.

Governor Marshall in the address of welcome urged the county and city health departments to co-operate with the state board in their effort to prevent disease and to purify food products and water supply.

"An ounce of prevention is worth a pound of cure," said the governor, "and this applies very appropriately to the work before this meeting, which has been called for the purpose of getting the entire state department into a closer fellowship and working harmony."

POLICE TAKE STEPS TO CONTROL ALL DEALERS

Want Pawnbrokers and Second Hand Men to Pay Licenses.

So that they can regulate pawnbrokers and second-hand dealers the police officials are seeking to have them regularly licensed and to make them report daily all of their transactions so that the department may be advised of what they are doing. Ninety per cent of the stolen stuff reported to the police goes to the pawnshops and second-hand dealers and as they now stand it is an easy matter for any of them to cover up thefts and while some of them aid the police there is a class which aids the thief and this class is the one the officers are after.

An ordinance was introduced in the city council last night that provides for a report of all articles taken in pawn to be filed with the chief of police every morning and that all articles on which loans are advanced and which are purchased must be held at least forty-eight hours after it is taken. A license fee of $100 and only men of good character can be licensed. Each must give a bond of $500 to conform to the ordinance and fines of from $25 to $100 are provided for failure to comply with the law.

Second-hand dealers must report in practically the same manner, but are to pay only $5 a year as license. They must take a description of the persons from whom they buy and must not purchase anything from minors unless they are accompanied by their parents. Both measures went to the committee on rules, regulations and ordinances.

If it is not too expensive an undertaking the city laws will be revised. The committee on laws and the city attorney will look into the matter and report the probable cost of the undertaking at the next meeting. There has been no revision for several years and there are a number of conflicting laws on the books.

The city attorney will also look up the little park at Berry and Broadway which has been fenced in for a number of years and see if the city has a title to it. If it has there will be some improvements made there.

The board of works reported that it is making progress in the matter of looking up the cost of an asphalt repair plant and asked further time, which was granted.

An ordinance appropriating $75 to the payment of the Fred Tielker claim was passed under a suspension of the rules. After a motion to march in the Decoration day parade had been lost Members Dittoe, Welch and Pininger were appointed a committee to procure hacks for the council.

Mayor Grice reported that he had approved ordinances for removing wires from Spy Run avenue and approving the Trippeer track elevation contract.

Schele's Homestead Addition

New Addition to be placed on the Market Early in June by the People's Realty Investment Co.

On Saturday, June 4th, the tract of land known as Schele's Homestead, with a frontage on Wayne Trace and New Haven avenue, only one block south and one block east of the Lewis street car line, will be sold on the easy payment plan, $10.00 down and $5.00 per month. There will be 85 lots in all. Average sizes, 40x150 feet. Also the large brick residence, with improvements.

The addition lies in close proximity to the East Yard car shops, the Western Gas Construction company and the S. F. Bowser Co. It is also close to the public school, the Lutheran church and school and the proposed site of the new Catholic church and school, making it an ideal place for homes. The sale begins on Saturday, June 4th, with salesmen on the ground who will also be there on Sunday, the day following, to show any prospective purchaser over the ground. Sale to continue until all lots are sold.

Miss Billie Burke in a New Role Here Next Wednesday.

Everyone who saw Miss Billie Burke, either as John Drew's leading woman in "My Wife," or as a star in "Love Watches," is anxious to see her in "Mrs. Dot," the comedy by W. Somerset Maugham, in which she has been playing this season in New York and in which she comes to the Majestic theater on Wednesday evening, June 1.

In both "My Wife" and "Love Watches," Miss Burke had the role of an impetuous, wayward, mischievous young girl. As Mrs. Dot, in the new piece, she impersonates a wealthy young widow who is compelled to resort to some unusual maneuvers to induce the man she loves to marry her. The role gives her an opportunity to prove her talent as a comedienne and according to the New York critics she is more charming than ever. Those who have seen Mr. Maugham's other plays — "Lady Frederick," "Jack Straw" and "Penelope"—can readily imagine how whimsically he will work out such a plot as this one.

Pfeiffer Place lots will be placed on sale Saturday morning. Get ready.

The Ravenna Furnace

contains all the latest and most excellent features in warm-air furnace construction and several more.

The cells of the FIREPOT are constructed large at the bottom, and taper toward the top, making it impossible for any particle that may enter the opening to stick or clog the cells.

The RADIATOR is very large and has almost an unlimited radiating surface. The corrugated design furnishes it strength and a guarantee for endurance. It is absolutely self-cleaning, there being no place for the accumulation of dust or soot. It is gas and smoke proof, and it is impossible for a single dust particle to find its way into the house through the furnace.

Crisp News of What's Doing in the Sporting World

Fort Wayne Landed Nine Games Out of One Dozen

Split With Evansville in Double Bill and Left Home to Take a Try at the Dayton Team.

By halving the double bill staged for bargain day at Varnell's ball yard Fort Wayne drew a split with Evansville on the series and took nine games out of the dozen played on the home lot during the series just ended. Jimmy Burke and his warriors left this morning for Dayton for four games with the Veterans and will return for a Sunday game, two on Decoration day and one the day following.

The opening combat of the two-piece engagement was a long affair that promised to crowd the second fray off the bill and ended in sixteen innings after Aggie Grant had tossed Forest Cady in the fray and that prominent young person had slammed one of Charlie Alberts' shoots to right center out of the reach of that fleet-footed fielder, Mr. Iowerth Blount, and chased over a couple of runs that were needed to get the best end of a five-to-three score.

The battle should never have gone beyond the nine regulation rounds and should have been safely stowed by the seventh. Blount opened the first with a hit and when he attempted to steal second Grefe's throw was perfect and he didn't even hit the dirt as he saw he was caught a city block, but Lejuene dropped the ball and although Blount was not more than an inch and a half over the bag he stood and watched himself tagged for an out. Frankie Donahue followed with a rap that would have scored him.

Then again Alberts let over a run in the sixth that tied up the score and sent the game to extra innings. After he had passed Lejuene and the runner had gotten around to third with one down Begley hit to the pitcher and although Lejuene was half way up the path and could easily have been caught or chased back he flung to first and let the run over.

But that is not the worst of it. Jimmy Burke, wise old head, fell for one of the oldest things in baseball and lost a chance to score a winner in the tenth. After he had reached third on an error, a sacrifice and an out Bill Bailey drew a pass and started to steal second. Grefe made a motion to throw to second but lobbed the ball to the pitcher and James started homeward and was run down between the bases.

The second game was started at 5:30 and went seven rounds. Edgar Doty, who had relieved Billy Cristall in the opener, volunteered for the second but he tired badly in the fourth and fifth and six runs were scored that gave the locals a victory. Lejuene featured the game with a drive over right field fence that sent in a run ahead of him and Evansville looked good in the first and third to take the second game as the team had a lead of three runs then.

The first game was won when Flournoy opened the sixteenth with a drive to short that he beat out. In handling Lejuene's bunt Bailey threw high to second and both men were safe. Grefe moved both up with a sacrifice and then Cady kicked in his double rap and took a lead that Fort Wayne could not overcome. The scores:

BENDERS FALL UPON SCHMICK FOR A VICTORY

Rally in Sixth Won First and Second Went the Same Way.

With the Zanesville team jogging along behind him with a three-run lead Pitcher Schmick felt pretty good up to the sixth inning of the first game at South Bend yesterday, but in that fatal round he was pounded all up and although his support was perfect he managed to toss the scrap into the discard 5 to 3.

In the second game Kenworthy held Wheeler's crew tight until the fifth when it tabbed three runs and shut out the Athletics.

Bowen displayed rare form at Grand Rapids against Wheeling and let the champs down with a single bingle in nine rounds and won his game, 6 to 0. Doak pitched for Wheeling and was hit half a dozen times. The scores:

BUSH TOSSED OFF A GAME AND THEN IT RAINED

President Saw Senators Trim the Tigers—The American League.

Ownie Bush tossed off a game for the Tigers in the sixth inning when he took a wild heave to first that let in the winning run for the Senators. President Taft and a number of prominent notables saw the encounter which was interrupted in the sixth by a heavy downpour of rain.

St. Louis won from Philadelphia, 6 to 1, by knocking Morgan off the rubber in the fifth inning, with seven hits, which scored five runs. Lake puzzled the Athletics at all stages except in the seventh inning, when two hits, a wild pitch and a sacrifice fly enabled Philadelphia to escape a shutout.

Joss' curves were batted hard by Boston, while Wood held Cleveland to four scattered hits, and Boston won, 4 to 3. Flick made a home run in the eighth inning. Ban Johnson, president of the American league, saw the game from the press stand.

Darkness put a stop to the battle between Chicago and New York before the first game of the series was decided. Twelve long innings were played to a 5-to-5 tie. The Sox appeared in a new role by making a Garrison finish and pushing three runs over the plate in the ninth inning that caused the battle to go into extra rounds. The scores:

Billy Delaney Will Help Johnson in His Training

San Francisco, May 25.—There is joy in the Johnson camp as a result of the announcement that Billy Delaney, veteran maker of heavy weight champions, is to coach the negro for his fight with Jeffries.

Johnson figures that Delaney is the best man in the business to prepare him for the crucial battle of his career. This belief is based on the fact that not only can Delaney give him the fruits of forty years of ring experience, but that the veteran who developed Jeffries knows more about the retired champion than anybody else and will be able to give Johnson many pointers about Jeffries' style of fighting. The advent of Tom Flanagan into the Johnson camp is likewise a matter of great satisfaction to the negro's supporters. Flanagan, who trained many long distance runners, including Longboat, the Indian, will have supervision over Johnson's road work, which the fighter regards as one of the most essential features of his training.

Delaney broached a suggestion to Promoter Tex Rickard yesterday that finds favor with the "fans." His proposal is to invite Jem Mace, the one-time champion of England, and Bill Clark, another veteran pugilist, now living in St. Louis, to box three one-minute rounds as a curtain raiser to the big Fourth of July contest. Rickard welcomed Delaney's plan and will try to carry it out. Following his conference with Johnson, Delaney took occasion to deny a report from the east that he had stated Jeffries could not get in shape for the coming fight.

"I didn't say anything of the kind," Delaney declared. "It is not a secret that Jeffries and myself are not on the most cordial terms, but I'm not knocking him. In the name of all that's reasonable why shouldn't Jeffries be able to get in trim? He is only 35 and he has been a mountaineer practically all his life. That kind of a man doesn't age quickly."

NEEDS MORE BOXERS.

Jeffries is Eating 'Em Alive in His Training Camp.

Ben Lomond, Cal., May 25.—More human punching bags are needed at Ben Lomond, think Jim Jeffries' trainers and there is talk that two or three fast young fighters will be added to his staff so that there will be no dearth of material for his boxing bees. Jeffries in eleven rounds of swift ring work used up his present supply of sparring partners yesterday and the fighter was forced to knock off for the day simply because no one was left to face him.

In his bout with Joe Choynski, which was the last of the day, Jeffries winced at a blow he received on the left thumb. "I sprained it the other day," he explained to Choynski, "and when you caught me there it hurt. I guess it will be all right though in a couple of days."

More blood came from Jeffries' upper lip while he boxed. Sharp edges on his teeth are responsible and when Jeffries runs up to San Francisco for his exhibition Friday he purposes visiting a dentist to have the serated spots filed.

TIDBITS OF SPORTING NEWS

Lee Foy, who has started in the Central league most every season and who is a clean fast little player, has been released by Grand Rapids. He can not hit well enough to hold a job.

According to unofficial figures compiled and published in the Terre Haute Star, Fort Wayne is leading the league in team batting with an average of .250. It is third in fielding with South Bend in the lead.

Rochester holds the high mark for banner attendance in the Eastern league, 16,500 fans turning out to see a game there recently. John Ganzel has put the town right on the baseball map.

Aggie Grant is doing better on the road with his team than he did at home. His pitching staff has been working better and he is getting a little more team work out of his men.

Manager Ducky Holmes and Bill Armour, of the Toledo team, are not satisfied with each other and it is likely that there will be a parting of the ways pretty soon.

Dr. Carson reported on his return to South Bend from Fort Wayne that everything is going along nicely in this city. He also said that Aggie Grant will make a good fight in the league and that he will have them all taking notice before the season is much older.

President F. R. Carson of the Central league, will attend a meeting of the national association of baseball leagues in New York the latter part of June. The meeting is called for the re-districting of territory. The results of the census will be placed in the hands of the baseball convention before it is publicly announced, so that the re-districting may be completed before the drafting season. It is said the fact that President Taft is a baseball fan has been responsible for the favor.

Punch Knoll has shifted his batting order and placed Jack Pendry, the former local player, in the fifth position. Stark is batting as clean-up man. Knoll is back in his old position as third man up.

The Dayton management has purchased a big canvas covering for the infield that will keep the ground fairly dry in spite of a hard rain. The Vet officials figure that the stunt will be a good one and that the canvas will more than pay for itself.

SAINTS MARCH BACK INTO THE LEAD OF THE A. A.

Win from Kansas City While Millers Are Getting Licked.

St. Paul won an easy 9 to 0 victory in the first game of the series with Kansas City by hitting Brandom hard and taking advantage of Kansas City's errors. Kilroy held the visitors to three hits. The victory puts St. Paul in first place again.

After pitching stellar ball for five innings, Patterson, of Minneapolis, exploded in the seventh and Milwaukee tied the score with three runs on four hits. Randall's home run in the eighth inning proved the winning count for the Brewers.

Louisville was defeated by Toledo in a close contest after the score had been tied in the ninth by the Colonels. An error at a critical stage of the game allowed Land to cross the plate with the winning run after two men were out in the ninth.

Columbus pulled a victory out of the fire after Indianapolis had a 6-to-0 lead in the fifth because of Sitton's wildness, Quinlan's errors and four hits. Hardgrove was taken out after the fifth, when four hits and Murch's error gave the home team four runs. Slagle, his successor, lasted little more than one inning, in which four more runs were scored. Arbogast, with a triple and a single was responsible for six of the eight runs. The score:

CLIFF CURTIS BEAT THE RED LEGS 3 TO 0

Allowed Cincinnati Four Hits and Shut the Team Out.

Cliff Curtis had a good day against Cincinnati yesterday when he allowed the Redlegs just four hits in the engagement with Boston and scored a shutout, while the Doves registered three runs. Beebe, Cantwell and Anderson all took a hitch at Boston but were not effective.

Chicago drove Moore out of the box and hit Brennan hard, defeating Philadelphia and winning the sixth successive game, which put the Cubs within a few points of Pittsburg at the head of the National league procession. McIntyre was effective all through and never in any serious trouble.

Vic Willis was easy picking for Brooklyn at St. Louis, while Bell was in good form and as a result the Dodgers walked off with half a dozen tallies, while the Cardinals could not get one. The scores:

HOW HE CURED HIS SKIN DISEASE

About twenty years ago I began to break out with Eczema on my head, legs and arms, and commenced treatment with the local doctors, but did not get much relief. I continued to treat the disease under the direction of different physicians for two years, and at the end of that time they said the disease was chronic. I then quit them and tried various ointments, salves, lotions, etc., for another two years, but soon I was as bad off as before, so I finally decided to let medicine alone, and for twelve or thirteen years I suffered intensely from the Eczema. During the time I lost about half of my hair. At last I began S. S. S., doubtful of a cure, because the disease had run on so long, but I soon discovered that your medicine was doing me good, and continued to take it. After taking S. S. S. for awhile I was completely cured of the Eczema, not having a single spot left on my body, which before was almost completely covered with the eruption. I waited until the Spring to see if it would return, but have seen no signs of it, and am satisfied the cure is permanent. It has been several years now and I do not believe I will ever have any return of the trouble.

1017 Hackberry St., Ottumwa, Iowa. F. C. NORFOLK.

What S. S. S. did for Mr. Norfolk it can do for every one who is afflicted with a Skin Disease. He is just one of the many thousands who have cured themselves by the simple process of purifying the blood and removing the cause from the circulation. We want you to be cured if you have any skin trouble, and shall endeavor in this short talk to tell you just why S. S. S. will accomplish the desired result.

The skin is composed of two distinct layers. One is known as the epidermis or outer skin, which has no fibres, and serves principally as a covering to the body. The other is known as the derma or true skin, and is composed of elastic fibres, fat tissue, glands, lymphatics, nerves, etc. The thousands of tiny veins and arteries with which this lower section is interlaced, supplies the cuticle with healthful properties from the circulation to keep the skin smooth and healthy. We can therefore readily see how necessary it is for the blood to be pure if the skin remain free from disease, and also why humors and acids in the circulation always find their way to the surface and cause skin affections.

All skin troubles are due to a humor or acid in the blood. Instead of supplying rich, nutritive properties to the cuticle, the circulation constantly deposits an acrid impurity into the sensitive fibres and tissues. This causes inflammation of the under layer of the skin which splits or breaks the thin outer tissue and causes an ulceration of the glands, producing a discharge upon the surface, in the form of Eczema, Tetter, Salt Rheum, etc. There is likewise a dry form of skin disease such as Acne, Psoriasis, etc. In these varieties the humor in the blood diseases the pores, hair follicles, etc., causing them to swell and protrude to the outer surface. Pimples, rashes, eruptions and like troubles are all due to impure blood, and only a blood purifier can cure them. Salves, washes, lotions, etc., will perhaps afford some temporary relief from the itching, and assist in keeping the skin clean, but such treatment can have no effect on the humors in the blood, and therefore never do any permanent good.

S. S. S. cures Skin diseases of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity and nourishing qualities in every way. Then the skin, instead of being irritated and inflamed by fiery humors and acids, is nourished, soothed and softened by a plentiful supply of rich, pure blood. S. S. S. is the greatest of all Blood purifiers and therein lies its ability to cure skin diseases. It cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, rashes and all eruptions of the cuticle. These troubles cannot remain when the cause has been removed, and S. S. S. will certainly remove the cause by purifying the blood. Book on Skin Diseases free to all who write. IGNORANCE A CAUSE OF MUCH MISERY AND CRIME

Dr. D. R. Silver in Talk on Some Obligations of Parenthood.

That ignorance and a failure to properly appreciate the responsibilities of parenthood are the cause of both misery and crime was the contention of Dr. D. R. Silver, of Sidney, O., in his address before the Fort Wayne Medical society at the assembly room of the court house Tuesday evening. His theme was "The Rights of the Unborn," and the issue was later discussed from the surgical standpoint by Dr. M. F. Porter, from the medical angle by Dr. W. D. Calvin, from a legal viewpoint by Attorney H. L. Townsend, and as a moral question by Rev. Earle Marion Todd.

Dr. Silver's Address.

In part Dr. Silver said:

"There is a prevalent belief that at some time in the nine months concerned in the development of the unborn there is no real life and therefore interference with the process of gestation might be justifiable. This very grave mistake is the fault of society in neglecting to teach the truth and impart information to those who propose to enter the married relation. This duty falls not alone upon the parents, but the state, in issuing a license to marry, should accompany this legal document with a booklet of information relating to the honors and duties of parenthood and the possibilities of race culture. It should set forth clearly and explicitly the fact that the real object of a union of the sexes is children, and that any interference with the process of reproduction, when it has once begun, is a moral wrong, a crime against society, and a source of endless unhappiness. There is no doubt that the life of many a young woman has been wrecked by the evil suggestions of an older one, herself both ignorant and vicious. The young woman enters the marriage relation with no longing for motherhood, but with the most abject fear that she may be called upon to forego the pleasure offered by her social set. The discovery that a new life has been awakened fills her soul with horror and then is enacted a tragedy that is liable to end in the death of two. The balance wheel of her mind was lost because she was not properly prepared by previous education. With her it is not a matter of viciousness, but of ignorance from neglect. In the evolution of society it may become necessary to establish schools for the express purpose of teaching eugenics or the science and art of parenthood and race culture.

"Young men must be taught that they can not with impunity violate the moral law and trespass upon the rights of society, and then expect aid and comfort from that noble profession whose pleasure and ambition it is to save life and not destroy it. When such persons are brought to a realizing sense of the enormity of the offense, not only against the individual but against organized society, and are made to pay the penalty of their folly, in the only possible way in which partial reparation can be made to the wronged woman, some progress will be made in their moral reformation."

FOR THE PEACE OF CRETE.

France and Great Britain Submit a Proposal.

Paris, May 25.—France and Great Britain today submitted to the governments of Russia and Italy, the other two protecting powers, a proposition to invite Crete to admit Mussulman deputies to the Cretan assembly and thus restore the status quo of prior to 1895. According to this plan, Creto would retain its automony under the suzerainty of Turkey. The proposal was the result of a conference held between Sir Edward Grey, the British foreign secretary, and M. Pichon, the French foreign minister, during the latter's stay in London as the representative of France at the funeral of King Edward.

TRIES SUICIDE; WILL RECOVER.

Mrs. John Affolder, of Eliza Street, Swallows Carbolic Acid.

Mrs. John Affolder, 35 years of age, residing at 1134 Eliza street, swallowed a quantity of carbolic acid Tuesday evening in an attempt to end her life. She was hurried in the police ambulance to St. Joseph's hospital, where it was stated today that she would probably recover. It is said to have been Mrs. Affolder's second attempt at suicide within a year, and it is believed to have been due to family troubles.

MACKAY DENIES ALLIANCE.

New York, May 25.—Clarence H. Mackay today made the following statement in regard to the report in the London and American papers that the Commercial Cable company had formed an affiance with its competitor, the Anglo-American Telegraph company: "The Commercial Cable company never had and has not now and does not intend to have any connection whatsoever with its competitor, the Anglo-American Telegraph company, either in the way of controlling its stock or making any traffic agreement, or in any other way. The Commercial Cable company will continue to be independent and competitive just as the Postal Telegraph company will continue to be independent and competitive. All reports to the contrary are false."

Zimmer—Shaughnessy.

One of the largest weddings in the Cathedral in several weeks took place this morning when Miss Lylia Shaughnessy, of this city, and Mr. Charles Zimmer, of Cleveland, Ohio, were married. The nuptial mass was celebrated at 9 o'clock by Rev. George Moorman. Miss Mary Buchman attended the bride and Mr. Frank McNamara was the bridegroom's attendant. The bride was gowned in a handsome blue silk and instead of a veil she wore a stylish white hat. The bride carried her prayerbook. Miss Buchman wore a brown silk gown with white hat and held a bouquet of bridesmaid's roses. After the church service the bridal party received congratulations at the home of the bride, 716 Runnion avenue, where the wedding breakfast was served. The bride is one of the best known young women in the Cathedral parish and is a member of the Young Ladies' sodality. Mr. and Mrs. Zimmerman will live in Cleveland.

SPREADING RAILS CAUSE WRECK.

Fifteen Persons Are Injured in a Smashup in Colorado.

Pueblo, Colo., May 25.—Fifteen persons were injured at 1:40 a. m. today when two coaches of Denver & Rio Grande train No. 115 jumped the track two miles from Cucharas Junction, Colo.

Spreading rails caused the wreck and two cars went down the embankment.

Many of the injured sustained broken bones and all were badly cut by the broken glass and wreckage. The passengers were mostly from the west and middlewest.

A wrecking train with physicians left Pueblo for the scene and the injured were brought here and taken to St. Mary's hospital. Several of the injured are in a serious condition. John Coleman, Carmen, Ind., was among the injured.

WILL ASK MOTORCYCLE.

Board of Safety Wants One for the Police Department.

A motorcycle equipped to carry two officers, will be asked of the city council by the board of public safety. It is proposed to provide a speedometer to test the speed of automobiles and motorcycles. Most of the meeting last night was taken up with minor details and among other things the board ordered all vehicles removed from the streets at night.

BROKERS GO TO JAIL.

Bucket Shop Operators Surrender to Government.

Cincinnati, O., May 25.—Louis Foster, Walter Campbell, J. M. Scott and Arthur W. Baldwin, the members of the Odell Brockerage company, who were sentenced to jail on charges of using the mails for bucket shop operations, surrendered to United States Marshall Eugene Lewis today. They were taken to the county jails in Dayton and Troy, O.

The men were sentenced to pay a fine of $200 each and serve five months in jail. Unless they pay their fines and the costs of prosecution, they must stay in jail a month longer.

PASSENGER AND FREIGHT COLLIDE

G. R. & I. Trains Have a Mishap at Sturgis Tuesday.

FOUR PASSENGERS AND FIREMAN HURT

Two Engines and a Freight Car Damaged and Road Blocked.

Southbound passenger train No. 8, on the G. R. & I., and northbound extra freight train No. 81, figured in a head-on collision five miles north of Sturgis, Mich., at 5:40 o'clock yesterday afternoon and five men were slightly injured. The trains met on a sharp curve, where they were not visible to the engine crews until so close together that a collision could not be prevented. Each train was slowed down, however, by the engineers until they were not running very fast when the collision occurred, else the damage to life and limb might have been serious.

The engineers and firemen jumped, and with the exception of Fireman F. J. Ranstein, on the passenger engine, all escaped injury. Ranstein's injuries were slight, however, being only bruises on his face, caused by pitching forward on the ground when he jumped. Four passengers were also slightly injured. Two had their legs bruised and sprained; one had his chest injured and another sustained injuries to his neck and all were able to proceed on their way, after receiving attention from a surgeon.

The track was completely blocked until 12:10 o'clock this morning and passenger trains Nos. 3, 8 and 6 were detoured. No. 8, which was in the collision, did not leave the tracks and none of her cars were damaged. It was pulled back and sent on its way, being delayed four hours by the accident. No. 6, which was also detoured, was three hours behind time when it reached Fort Wayne, and No. 4, which waited until the main track was open, was only one hour late when it reached this city.

Both engines had their pilots knocked off and tenders battered up and were otherwise damaged and one freight car was practically destroyed. Both locomotives were taken to the shops in Grand Rapids for repairs.

The crew of the passenger train was composed of Conductor Malone, Engineer Tim Cushing and Fireman F. J. Ranstein and the freight crew was composed of Conductor Daily, Engineer C. W. Mericle and Fireman H. O. Drage. No. 8 is due in Fort Wayne at 6:50 p. m., but it did not get in last night until four hours later.

FIREMEN'S SOCIAL.

Grounds Being Equipped With Lights and Tables.

Several electricians and other workmen spent the greater part of today in putting up lights, getting tables and seats on the grounds and otherwise getting ready for the ice cream social to be given under the auspices of the wives of the firemen at the Wells street engine house tonight to raise a fund for entertaining visitors during the annual meet of the Northeastern Volunteer Firemen's association on Thursday, June 30. The social will be held on the vacant lot at Wells and Third streets, directly opposite the fire engine station, and if the weather is at all favorable it will be a well patronized affair. The firemen and their wives have been selling tickets for the past week or two and it is said that several hundred were disposed of, so the social will be a success financially even if the weather will not permit the carrying out of the program in its entirety. The cause is one to appeal to all public spirited persons and it should be a big success.

TO BE SETTLED FRIDAY.

The managers of the Shop League last night referred the matters of dispute between the Pennsylvania and the Knott-VanArnam ball teams to the executive committee for action next Friday evening, at a meeting called especially for that purpose. The executive committee has summoned the managers of the two teams, the player who originated the trouble and his victim and will go into the matter in detail. The umpire and the scorekeeper who presided at the game between the Pennsys and the Knott-VanArnams Saturday have also been summoned to the meeting. The Pennsy boys claim that the game was a tie, while the other team claims they won fairly. This will also be settled Friday night.

SUPERINTENDENTS MEET.

The district superintendents of the General Electric company are holding a meeting in the city today. The following arrived last night and are registered at the Anthony: Messrs. W. R. Burrows, H. B. Rogers, C. A. Beal, Frank Patterson and E. S. Gardner, of Harrisburg, Pa.; G. D. Frederick, of Newark; M. K. Brannin, of Lynn, Mass.; C. A. Guay, of East Boston, and B. C. Hipple, of Toledo. Matters of interest to the department the men represent are being discussed.

OPERATOR MAY RESIGN.

A. S. Kiger, operator at the Nickel Plate yards, took a leave of absence a month ago to see what he could do in writing up travelers' accident and life policies. He finds the business quite good and it is understood that he is considering the advisability of keeping at it in preference to railroad work. Mr. Kiger has been employed as a telegraph operator by the Nickel Plate a dozen or more years. Operator VanWoert, from Grand Rapids, has charge of the trick during the absence of Mr. Kiger.

PENNSY NOT IN THE DEAL.

President S. E. Rauh, of the Indianapolis Belt road and stock yards, denies the rumor that he purchased property in Indianapolis for the Pennsylvania company, stating that purchase was made with a view of erecting warehouses. The ground in question lies just south of the tracks of the Indianapolis Union Railway company and include the plant of the old gas company. The price paid was $422,500. It was rumored that the Pennsylvania company wanted the property for trackage purposes.

LIVE STOCK MEN MEET.

The live stock agents of the Pennsylvania opened a four days' meeting at the Gibson house in Cincinnati yesterday, at which representatives of all divisions are present. Business sessions are being held morning and afternoon and the evenings are given over to pleasure. Subjects of interest to this particular branch of the freight traffic are being discussed.

GAVE HIM THE ANVIL CHORUS.

The deafening din at the Bass blacksmith shop this morning was what the boys call the "anvil chorus" and the occasion for it was the return to work of Charles Lacroix, one of the employes, who was married last week. He was accompanied by cigars for the boys, which is considered sufficient apology for getting married before securing the consent of the boys.

CHARLES BOTT IMPROVING.

Ed Bott, of the Wabash shops, received word from Moberly, Mo., last night to the effect that his brother, Charles Bott, who was severely burned by exploding gasoline two weeks ago, was making good progress towards recovery. He is still in the hospital in Moberly, taking treatment for the burns in his hands, but the wounds on the face have completely healed. Charles Bott is a foreman in the Wabash shops at Moberly. He formerly worked in the company's shops in this city.

CONDUCTOR'S ANKLE SPRAINED.

James Nicholson, a Nickel Plate yard conductor, sustained injuries a few days ago that have kept him from work since, though they are not serious. He did not get in the clear when he stepped from a yard engine and the footboard hit his ankle and sprained it.

WEIGHMASTER ON VACATION.

W. W. Hill, weighmaster at the Nickel Plate yards, entered upon a two weeks' vacation today. With his wife he left this afternoon for Weston, O., where they will attend the golden wedding of a relative on Decoration day and then go to Toledo to visit relatives and old friends.

ATTENDING ELECTRICIANS' MEET

F. S. Hunting, A. A. Serva, F. C. Morganthaler and E. A. Wagner are representing the Fort Wayne Electric company at the meeting in St. Louis of the National Electric Light association, which opened in that city yesterday and will close Friday night.

NEW TIME CARD SUNDAY.

The Wabash will put a new time card into effect next Sunday. The only change affecting passenger trains will be to make No. 12, due now at 5:45 a. m., and No. 2, now due at 5:50 a. m., fifteen minutes later.

NEW MEN AT 'SMITH SHOP.

George A. McClure, recently from the United States navy, was given employment by Foreman G. W. Szink at the Pennsylvania blacksmith shop this morning. J. Forgos, who was formerly employed at the Lake Shore shops in this city, also took employment at the Pennsylvania blacksmith shop this morning. Foreman Szink said this morning that he was still in need of some good helpers.

INDUSTRIAL NOTES.

The Bowser Grays will go to Ossian Saturday afternoon to play the team at that place.

F. E. Crance, Nickel Plate brakeman, has recovered from an illness and resumed work.

Miss Lillian Dale, daughter of Nickel Plate Operator Dale, is in Chicago visiting relatives and friends.

Martin Schmidt, Edgar Szink, Jacob Gerwalin and Clifford Benoy, Pennsylvania shopmen, are sick and off duty.

R. H. Wilt assumed charge of the elevator in the Pennsylvania store room this morning.

George Kloepper and John Haffner, Wabash pipefitters, are off duty on account of sickness.

Charles Rulo has returned from a business trip to Chicago in the interest of the Fort Wayne Electric works.

Fred Rempus, who operates the elevator at the store room of the Fort Wayne Electric works, is sick and off duty today.

Nickel Plate Conductor C. W. Marshall is out on the streets, after a severe illness which kept him in bed a week. He is still unable to work.

William Ilyre and A. F. Zellers, who resigned positions in the Nickel Plate train service last winter, have been re-employed by the road.

F. P. Parnin, traveling passenger agent of the Nickel Plate, is out on the line looking up business for the several convention events in the east in June and July.

Mrs. Bowers, wife of Nickel Plate Brakeman R. J. Bowers, who has been ill for some time, was taken to the hospital for treatment last night. Mr. Bowers has been off duty several days as a result of his wife's illness.

Calvin Farrell, of the Knott-VanArnam works, had one of his thumbs badly cut yesterday and will be unable to work for awhile. He is the shortstop for the Knott-VanArnam team and the accident is likely to keep him out of the game next Saturday.

B. J. Coyle and J. H. Doyle, machinists in the Pennsylvania shops, will go to Chicago Saturday to visit friends a few days. S. W. Knapp and D. T. Johnson, of the erecting shop, have also planned for a Sunday visit in Chicago.

L. J. Setter, of the Pennsylvania shops, was advised last night of the death of Julius Thauer, an upholsterer in a big furniture establishment at Newark, N. J. The deceased was a cousin of Mrs. Setter and he was fifty years old.

Louis Blakesley, for three years assistant engine hostler at the Nickel Plate round house, resigned Saturday to take up other work. He has been succeeded temporarily by George Schwartz, who was working in another capacity at the Nickel Plate yards for some time.

General Yardmaster Samuel Deahl, of the Nickel Plate, who was run over by an engine last fall and so badly injured, is now slowly improving and gets about quite lively with the use of a crutch. He accompanied Conductor J. C. Fletcher to the lakes last Sunday and remained until last night.

Mr. and Mrs. W. Griner will go to Michigan City Friday to remain until after Decoration Day with relatives. Mr. Griner is employed in the Pennsylvania lumber yards. Mr. and Mrs. M. O. Brown, the former employed in the tank shop of the Pennsylvania, will go to Chicago Friday to spend a few days with relatives and friends.

Wabash Engineer W. A. Brumfiel, who has been in poor health for several months, has gone to Georgia to spend a few weeks in the hopes that change will bring back health. He left yesterday and was accompanied by his wife and son. Engineer Brumfiel resides in Peru now, but a few years ago he lived in Fort Wayne and is quite well known here.

The Fort Wayne Electric company's fire department was given a little unexpected work yesterday afternoon and displayed a remarkable ability for getting promptly in action. The roof over the forge shop was discovered on fire and the flames had a good start before the discovery was made. They were quickly extinguished, however, and the loss is trifling.

The Warsaw Times mentions the following changes at that city: "Geo. Berlin, who has been yardman at the Pennsylvania freight house for some time, has accepted a position with the signal department and will make the change on Wednesday. This will cause a promotion for a number of the other local employes. Richard Wilcox, who has been day man in the ticket office, will succeed Berlin. Walter Bartol, the night man, will go on the day trick in the ticket office and Marvin Hanking, who has been baggage man, will take charge of the ticket office at night.

YOUNG PRIEST'S DEATH.

Rev. Daniel Reilly, of Chicago Passes Away in Mexico.

Mr. and Mrs. Peter Reilly and sons Philip and Vincent, of 1163 Harmer street, left this morning for Chicago to attend the funeral of Mr. Reilly's cousin, Rev. Daniel Reilly, of Chicago. The deceased was the assistant of Rev. Edward Kelley, of St. Ann's church, Englewood, and has been in failing health for the past three years. A season ago he left for Sante Fe, New Mexico, and for a time seemed much benefited, he relapsed, however, and passed away at 6 o'clock Sunday morning. Death was due to gall-stones. The remains were sent to Chicago, arriving there this morning. Immediate relatives surviving are: A sister, Miss Addie Reilly and a brother, Peter Reilly, who met the remains at Kansas City.

The remains will lie in state at St. Ann's church until Friday morning, when the funeral will be held. Father Reilly was thirty years of age and was ordained nine years ago. He frequently visited in Fort Wayne both during his student days and later as a priest, and had many friends here, who will regret to learn of his demise.

Terrible Conditions of the Almshouses in New York State Exposed.

In a foreword to an article, "He's Only a Pauper, Whom Nobody Owns," written by James Oppenheim and published in the June American Magazine, the editor of that periodical says: "This is a revolting article, but it must be printed. The things described are almost unbelievable. You must go back to the old Bedlam to find anything so revolting in the case of suffering human beings." The author describes an interior of one of these almshouses, as follows:

"Let me describe one of these pesthouses—of which there are some twenty or thirty in New York state. The Oneida county almshouse is situated out in the open country near Rome, N. Y. It is a large triple building, the center for the superintendent and his family and helpers, the left wing for men, the right for women. It contains 246 men, 87 women. This is the usual proportion, 3 males to 1 female. And yet, stupidly enough, the women's side is an exact duplicate of the men's. The building, as almost all other such in the state, was put up without good judgment. The result is that the women have more room than they need and the men are so crowded that the attic is used as a dormitory. This attic has ceilings sloping to the floor and but a few small windows. There is bad ventilation and poor light. Yet ninety cots are in this place, side by side, head to head, foot to foot. Ninety men of all types—the clean and the filthy, the sick and the feeble minded, the blind and the halt—sleep here every night. There are some things relating to cleanliness and sanitation that cannot be put down in print, but one can imagine the indecency and foulness.

"There is no privacy for a decent man. He keeps his hat on all day because his head is the only safe place for keeping it. The hat will disappear if left on his bed. This accounts for the fact that each man possesses only what is on his back. There is no change of clothes. Some of the men, human enough to want to have their little private property, stow it between the covers of the bed. The ex-city editor of the Utica "Press" was an inmate because of intemperance. When he died his bed was found full of newspaper clippings. The bed of another man, when searched, revealed a tin can with the bait of worms crawling over the sheet. It is hard, of course, to keep these cots free of vermin, bedbugs and lice. It is hard to get 246 men to bathe regularly in the one tub at their disposal; and still harder to get them to use the showers. Many of them smell vilely."

BIBLE TRAINING SCHOOL.

Recital Tonight and Commencement Program Thursday Afternoon.

At the Bible Training school this evening a recital will be given at 7:30 o'clock, on which occasion the value and blessing of gospel music will be set forth, and the affair is the first of a proposed series of annual meetings for this purpose. The commencement exercises as scheduled will take place tomorrow afternoon at 2 o'clock, at which time a program of helpful papers will be presented and a variety of gospel music selections will be rendered.

Diplomas will be conferred on Misses Wilhelmine Boehnke, Helena Goosen, Clara Gratz, Martha Klenitz, Katherine Scheidegger, Messrs. Samuel C. Witmer and John M. Janzen. The commencement program has previously been announced.

ARGUING BROWNE CASE.

Chicago, Ill., May 25.—W. S. Forrest, counsel for Lee O'Neal Browne, who is on trial on the charge of bribing State Representative C. A. White to vote for William Lorimer, continued his argument in favor of quashing the indictment today. It was understood that States Attorney Wayman would make the answering argument and that it would not last more than an hour.

Seeing is Believing

We realize how hard it is for you to believe that we sell really high-grade suits.

But seeing is believing, you can have the evidence of your own eyes, can see yourself in one of these suits before you buy it.

We have plenty at higher prices, $25, $30, $35 and $40. They are the most you can find in men's clothes anywhere, for any price.

You won't be stared at now for wearing a straw hat down the street; it is time to wear them. Panamas in newest shapes are going to be very popular this spring and summer, so we are well stocked with them.

SHIELDS

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., May 25.—Heavy selling all along the line today greeted speculators who thought that, after daily big breaks in wheat prices, the market, whatever the ultimate outcome, would at least temporarily make a rally. Adverse to the opinion was the fact that foreign news was more bearish than ever. Russia was reported as making preparations to supply 2,000 additional freight cars to help move the new crop. India sent a report of an output of 304,000,000 bushels. American weather conditions were fine in all sections, but the crop outlook was declared to be still improving. First prices were irregular, ¼c to ⅞c lower, the May delivery being about the only one on the list showing a gain, selling up to $1.08. September opened ¼c to ⅝c down at 96¾c to 97c and fell to 96½c. The May option quickly followed suit.

Corn started easier, but rebounded on getting good support from a leading local firm and from commission houses. September opened ⅛c lower at 59⅝c and advanced to 60⅛c.

Trading in oats was light. Fluctuations followed the lines taken by corn. September began ¼@¼c off at 37⅛c and then went to 37⅝c.

Buyers of provisions were scared away by a slump in hog prices. The opening was 7½c to 40c under the previous close, with September produce at $22.00 to $22.20 for pork, $12.05 to $12.17½ for lard and $12.12½ for ribs. Further declines ensued.

STOCKS AND BONDS.

The Day on Wall Street.

New York, May 25.—A moderate degree of activity accompanied a comprehensive rise in the opening prices of stocks today in which the Canadian group was quite prominent. Canadian Pacific rose 2 points, Consolidated Gas 1 and Minneapolis, St. Paul & Sault Ste Marie 1, and New York Central and Baltimore & Ohio large fractions. Bethlehem Steel sold at a decline of 1.

Opening prices were the best, as liberal selling orders were distributed, driving down the leading stocks a good fraction below yesterday's closing. Canadian Pacific lost half of its advance and there were declines in Chicago Great Western preferred of 1¼ and Reading and American Steel Foundries of 1. International Harvester and American Hide and Leather preferred moved up a point.

The dull and sluggish action reflected the absence of general interest in the market. The neglect has contributed to the desire to wait for clearer light on general conditions. General Chemical sold at an advance of 4. Reading fell 1½, Union Pacific 1¼, Brooklyn Union Gas 1⅜ and Southern Pacific. Amalgamated Copper, American Smelting and American Locomotive 1. Bonds were steady.

Activity increased at the expense of values, with selling converging on Reading, Union Pacific and United States Steel. Losses of a point or more were numerous. Reading gave way 2¾, Union Pacific 2⅝, St. Paul, Southern Pacific, American Smelting and American Locomotive 2 and Great Northern preferred, Atlantic Coast Line, Atchison, United States Steel and Amalgamated Copper, 1½ to 1⅝. The railroad bill debate in the United States Senate affected the market.

The market closed very weak at lowest prices. Stocks continued to come out with disquieting effect on sentiment causing fears of some unknown development impending. Losses in Reading reached 3½, Union Pacific 3½, Southern Pacific and American Smelting 2⅝, Amalgamated Copper 2⅜, Chicago Great Western preferred 2½, Wabash preferred, New York Central and Great Northern preferred 2¼, United States Steel 2¼, Rock Island 2 and a number of the most active speculative stocks 1½ to 1⅝.

THE MONEY MARKET.

New York, May 25.—Prime mercantile paper, 4¾@5¼ per cent.

Sterling exchange, steady, with actual business in bankers' bills at 4.84.40@4.84.50 for sixty day bills, and at 4.87.45 for demand.

Commercial bills, 4.83⅝@4.84.

Bar silver, 53⅝; Mexican dollars, 44.

Government bonds, steady.

Railroad bonds, heavy.

Money on call, firm, at 2⅝@3½ per cent; ruling rate, 2¾ per cent; closing bid, 3 per cent; offered at 3¼ per cent.

Time loans, firm; sixty days, 3¾ per cent; ninety days, 3¾@4 per cent; six months, 4@4¼ per cent.

CITY BREVITIES.

W. G. Overdear has sold his barber shop, at 627 Harrison street, to B. B. Timme.

G. G. Bowersox has gone east on business for the new Fort Wayne Auto Motor company.

Dr. T. A. Borton, head of the Plymouth sanitarium, was in the city yesterday for a conference with Dr. L. A. Worch, local representative of the institution.

Dr. E. A. Crull and Dr. E. M. VanBuskirk, of this city, and Dr. L. A. Rawles, of Huntertown, were at Indianapolis yesterday attending a meeting of the state board of health.

Lorenz France, a lad residing at 3618 South Harrison street, was struck by an auto driven by Roman Zoeller yesterday afternoon, and though thrown to the pavement escaped without severe injuries.

Mrs. Lemoryn, 70 years of age, residing at 1639 West Main street, fell down a stairway at her home yesterday and sustained a fractured arm and other painful injuries. The age of the patient renders the case a critical one.

An automobile driven by Dr. G. J. Studer ran into a sand pile which did not bear warning lights on East Jefferson street last evening. The machine was damaged and the party given a severe shaking up, but nobody was injured.

The Ancient Order of Hibernians entertained a large company of members and their friends at a pedro party last evening. Miss Agnes McCann won the first prize, an umbrella, presented by J. H. Bueter, and Miss Marie Kelly took the second lady's prize, a box of writing paper, given by John Danehy. The first gentleman's prize, a $5 gold piece, given by Sheriff A. M. Reichelderfer, was won by John O'Connor, and the second gentlemen's prize, a box of cigars, donated by M. J. Shea, was awarded to T. J. Connelly.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible and so says every one that has used it. Sold by all dealers.

WOLF & BESSAUER

Hammocks for Summer Comfort

The new Hammocks show a wonderful array of colors, patterns and styles, and the comfort of a hammock does not cost much; $3.50 will buy one of sturdy yarn, with pillow and valance. From there on up to $6 are hammocks that mean restfulness to the body and beauty to the eye.

NEW BED SPREADS THAT ARE REAL BEAUTIES

Time was when a bed spread was a bed spread, and that's all there was to it. But now, in this day of the artistic and beautiful, there is something more demanded.

For instance, we are showing some new printed English Dove quilts that seem to belong to an atmosphere of sunshine, flowers, neatness, color and sweet, restoring quiet. They have white grounds, strewn with blue, pink or yellow flowers. And in spite of their delicate, dainty colorings, these quilts wash beautifully. They sell for only **$3.00.**

For the Guest Room are richly beautiful combination quilts and roll covers in one piece. The handsome patterns are in satin relief, and the one-piece combination is something entirely new. These imported bed coverings are splendid quality and value at **$7.50.**

New matched sets—roll cover and quilt—of light weight are daintily pretty for summer. These are excellent values at **$5.00 a set.**

For Metal Beds are dainty colored quilts, plain dimity quilts, scalloped and fringed, all with cut corners, in crochet, Marseilles and satin. All sizes for cribs, single and double beds. Priced from **75c** to **$10.00.**

At this department are the mattress protectors of excellent quality, well made and easily laundered. They are priced from **39c** for crib size, to **$2.50** for large size.

LOVELY CRETONNES AND CHINTZES

These quaintly fashioned cretonnes and chintzes are the soft things we naturally associate with "lavender and old lace." There are flowers that trail gracefully over the pure white ground; odd looking birds and unique designs in peculiar blues and reds. They suggest summer in every cool fold—door draperies, window hangings, bed spreads, valances, pillow covers, window seat upholsterings and chair covers. The uses of these admirable stuffs are innumerable and render an artistic effect at very small cost.

FOR THE WEE FOLK THE MOST DELIGHTFUL SUMMER TOGS

No woman with a spark of mother love could possibly resist the exquisiteness of these things that baby needs—the dainty, the exquisite, the practical.

Here are dear little frocks, trimmed with finest laces for "dress-up" wear, and sturdier dresses for play—and all so reasonably priced. For the tiny babykins are beautifully made long dresses, with dainty petticoats; then come the first short dresses that are even daintier and prettier, if possible. And the caps and bonnets and little hats in styles and shapes innumerable; all quaintly fashioned and cunningly designed. From the simple, tight-fitting caps of lawn and silk to hats of straw and ribbons and flowers, the line is beautifully complete.

We would like every mother to visit our Juvenile Department and see the lovely things we have provided for children's summer outfits.

Every Woman is Invited to Our Corset Department This Week

"I never knew before why I was so uncomfortable," said a woman yesterday. Nobody told me what sort of corset I ought to wear." Plenty of women do not know the many little things that may prevent a corset from being perfectly satisfactory. That is plainly why we have an expert corsetiere in our store this week, who has a special showing of the latest

AMERICAN LADY AND LYRA CORSET MODELS

There are no other corsets quite equal, we think, to these corsets for sheer grace and elegance of line, and there are so many models at various prices, that plump and slender, tall and short women can find something to suit them.

All week the services of this corsetiere are at your pleasure. The fittings are free and as they should be, and there are models of American Lady and Lyra corsets at remarkably reasonable prices. A beautiful display of these charming models is in our west window.
